**SPLENDOR AND CHARM OF THE QUEEN'S FLOAT** in the annual Peach Festival parade had many close rivals but its representation placed it a mark above all others in this supremely colorful spectacle. As in past years, the float for royalty was entered by the staff of the Hudson's Bay Company. Once again it proved to be a masterpiece of artistic design and ingenuity—a perfect complement to Queen Val-Vedette VII Ardell Getz and Princesses Pat Hutson and Arlene Gartrell.

## Penticton Peach Festival Justified Slogan Of "Fun Galore In '54"

Threatening skies, rain showers and generally cool, unseasonable weather failed to dampen the enthusiasm behind Penticton's 1954 Peach Festival and preliminary estimates tend to point to a successful financial effort, as well.

"Early indications are that we may end up in the black but it is too early to say," stated president Tommy Walker. "All our committees have not yet turned in their financial reports and we will not know where we are until this is done and until all bills we owe have been turned in."

"You can say, though, that we are amazed and encouraged by the wonderful support from the people despite poor weather."

Peach Festival secretary-manager Fred Madden estimates that approximately 14,000 persons attended the three-day affair, and as many as 12,000 are believed to have toured the Rotary Industrial Exhibition and Agricultural Show.

A happy outcome was indicated in response during the first day when admission equalled 85 percent of total for the entire show in 1953.

Gloom was thick and heavy at festival headquarters Thursday as the weatherman dumped buckets of rain on Penticton and threatened to cause cancellation or a move of the colorful crowning ceremony. But the very nature of his fickle mood paid off and skies lifted, allowing an estimated 3,500 to witness crowning of Miss Ardell

Getz as Queen Val-Vedette VII.

Friday's parade just got in under the wire ahead of a downpour that forced cancellation of the afternoon performance of the variety show. The parade itself was a record one, lasting for over an hour as thousands lined Main street to watch. Friday night's variety show drew an estimated 1,000.

### Boy's Tip, Man's Calculation Add Up To Trip, Whole Of Beef

Numerologists may dispute the method used but they appear to be more than one way of deducing a winning combination.

Mrs. H. M. Clarke, of 1027 Kilwinning street, winner of two CPA return fares from Penticton to Mexico City, was correct "right to the bean" in guessing the number of beans in the jar, 3,699 to be exact. Her first estimate was, roughly, 3,000 and as she started to write this amount down, son Randall, six years of age, suggested, "and 699 more, Mom." And that was the final figure.

Glen Ross, West Bench, also "hit the nail on the head" in the calf-weighing contest. A garage parts man, he put veteran cattlemen to shame with his correct guess of 570 pounds.

Mr. Ross' secret formula was based on weight of half a beef he had bought previously. This was multiplied by two and a few pounds were added here and there for head, tail, hide, etc.

The calf, property of Art Gammer, of Penticton, was weighed by J. M. Thomas, of the Okanagan Falls Cattlemen's Association. In the presence of Game Warden Adam Monks.

Mr. and Mrs. Clarke hope to take their Mexican jaunt, about Christmastime. Meanwhile, Mr. and Mrs. Ross have a locker well-stocked with tender beef.

In commercial entries, floats from Brett's Sport Shop and Penticton Sawmills tied for first place, second prize went to Canadian Cannery.

For community floats, Trout Creek got the nod with Summerland Board of Trade coming second.

Kerekeos Catholic Youth Organization won first prize for organizations, second prize went to

Junior Hospital Auxiliary and third to Trail with a special award to Kelowna.

Grand finale occurred Saturday night when the International Square Dance Jamboree attracted approximately 700 participants and 1,300 spectators. A special prize went to Mr. and Mrs. Emile Dorin, of Grande Prairie, Alberta, who travelled 1,060 miles to take part in the event.

Mrs. T. A. Lusted, of Cawston, was first prize winner in the Rotary show, taking home a Frigidaire electric range valued at \$490. Glen Ross, West Bench, won the 570-pound calf weight-guessing contest.

Mrs. H. M. Clarke, a comparative newcomer to the city, received the two return fares from Penticton to Mexico City by correctly guessing number of beans in a container at Canadian Pacific Airlines' booth as 3,699.

It was truly a variety show in '54, the midway, Little League baseball finals, folk festival, tractor rodeo, livestock display, model aeroplane display all adding color and interest to this year's program.

Following is the list of gate prizes and winners at the Rotary Industrial Show:

Frigidaire electric range, Peach Festival and Rotary Club, Mrs. T. A. Lusted, Cawston.

Barbe-Q-Bowl, Clarke's Building Supplies, C. E. Tinkler, Box 2188-A, RR 1.

1,000 ft. lumber, Penticton Saw.

(Continued on page 5)

## Rain Affecting Growers But Not Tourist Trade

While the average citizen grumbles, "what's happened to our Okanagan sunshine" or another well-worn comment, "guess we'll have to grow web feet", wet weather which has plagued the district for much of this month receives mixed reaction from Penticton's two major industries, fruit and tourist.

Orchardists are concerned, among other things, over harvesting operations, hampered by rain and unseasonably low temperatures. Tourist officials, while not happy about the deluge of "liquid sunshine", nevertheless anticipate one of the greatest tourist seasons ever when final figures are tallied up.

"This has been one of our biggest tourist seasons yet," reports Fred Schofield, president of the local Auto Courts and Resorts Association. "We'd be happy to have a tourist trade like the one we're having every year. Rain and the PNE at the coast have cut down the tourist business somewhat, but no more than expected. And we're certainly not any worse off than in other years at this time."

Mr. Schofield went on to say that when the weather picks up, number of visitors to the city should show a parallel increase. "Our tourist year isn't over yet, not by a long way!" he added.

Tourist cars from other parts of B.C. and from all over Canada and the U.S. still line Penticton streets, despite the fact that about 1½ inches of rain has fallen on the city in the last week. Wettest day of all was last Thursday when close to half an inch of rain fell on Penticton's streets.

To many local fruit growers 1954 will go down in history as the year of the battle against the elements and other forces of nature, the relentless fight against frost, mites, apple scab and rain.

Anxiety caused by frost at the critical spring blossom stage was replaced by the plague of pin point scab, costly battle against mites and the cool, rainy weather posing a disruption of normal harvesting operations.

In the words of Maurice Trumpp, district horticulturist, "I can't feel too optimistic over the situation. It has certainly been a trying year for a grower."

**A ROARING OIL FIRE** is quickly brought under control by firemen Don Vass and George James of the Penticton department as visiting delegates attending the B.C. Fire Chiefs' Association convention watched a demonstration of fire fighting techniques this morning on the Okanagan lakeshore, opposite the Incola Hotel.

### Wet Weather Plays Havoc With Lanes

Wet weather has played havoc with roads and lanes, particularly lanes. Alderman J. G. Harris told council on Monday in requesting authority to transfer \$800 of unallocated funds in the board of works budget to account 642 in order to finance the needed maintenance work. The transfer was authorized.

## B.C. Fire Chiefs Invade Penticton

Members of Penticton Fire Department and women's auxiliary are playing host this week to 150 chiefs and firefighters and 100 ladies at the twenty-third annual convention and fire college of British Columbia Fire Chiefs' Association.

Today was the second day of the convention which concludes Friday as firemen heard with keen interest papers on a subject close to their hearts: "prevention and control of fires", witnessed displays of the latest in fire fighting equipment and joined with the ladies in a busy round of social activities.

Address yesterday morning by the president, Chief R. A. McDonald, of Duncan, was followed by Mayor O. M. Matson's welcome on behalf of the city, reply to the address of welcome by vice-president Lyle Lobban, Abbotsford, and a message from host Chief H. M. Foreman, Penticton.

In welcoming delegates, Mayor Matson referred to the high standing in which firefighters are held in their own communities.

A paper on "sprinkler systems" by R. M. McLeod, B.C. Underwriters Engineers, stressed the fact that properly installed and inspected sprinkler systems with ample water capacity will extinguish at least 90 percent of all incipient fires within the area. Proper supervision and ample water supply are essentials, he declared.

Speaking on "fog fire fighting", S/L W. McCallum, B.C. fire marshal, confined his opening remarks to methods of fighting fires in inflammable liquids. There are two types of fog, he explained, low pressure at 250 pounds and high pressure at 400 to 600 pounds, each with its own particular job to do.

The air force fire marshal described methods used on RCAP stations where plane crashes have left large spillage areas. A dry powder application emulsifies and forms a light blanket. This is followed by foam which creates a heavy blanket, allowing no flashback.

"How To Fight Electrical Fires" was the topic of an address this afternoon by W. Griffiths to cover this title. Mr. Griffiths declared: 1. Call the local power company first. 2. Have

### FIRE CHIEFS HEAR DEFENCE COORDINATOR

Task of standardizing hose couplings has been about half completed and the entire program should be completed by January, 1956, Major-General C. R. Stein, civil defence coordinator for British Columbia, told delegates to the annual fire college here, this morning.

Cost is shared on a basis of two-thirds by the province and one-third by the federal government.

"Not only will this be of great mutual aid for adjacent municipalities," he said, "it should result in considerable financial assistance to all districts, because equipment required will become standard."

Major-General Stein stressed the happy relationship existing between civil defence authorities and fire departments. He reviewed the progress made in purchasing of additional fire equipment for municipalities under civil defence financial assistance. A definite policy has now been established, the speaker continued, and it is hoped it will continue to be practical in years to come.

At the same time, he made it clear there were limitations to the amount available in any one year and if a request has to be turned down he hoped the reasons for doing so would be understood.

Major-General Stein referred to training of auxiliary fire fighters and to allotment of severities on fire training pumps to British Columbia, of which three are operated from the fire marshal's office with periodical visits to municipalities throughout the province.

**OLD HATS AND THE NEW**—Penticton Fire Chief Merv Foreman (left) host chief of the B.C. Fire Chiefs' Association convention here, and W. A. Oswald, Vancouver, former provincial deputy fire marshal and now secretary-treasurer of the BCFA, try on two fire hats from bygone days as they discuss new equipment and inspect the latest in safety headgear.

**"WHERE'S THE FIRE?"** Fae Lobban, daughter of Abbotsford Fire Chief L. Lobban, vice-president of B.C. Fire Chiefs' Association, dons an ancient fire helmet and with fire axe in hand descends the brass pole for the benefit of the Herald photographer this morning.

## New Equipment Increases Herald's Picture Coverage

Every picture tells a story and the story of last week's Penticton Peach Festival is told in this week's Herald largely through the medium of pictures.

This up-to-the-minute coverage of events by combination of the written word and pictures has long been a policy of The Herald, but high cost of reproduction and the time element have restricted full development of the picture-word reporting of the local scene.

Now, with the acquisition of the Fairchild Scan-a-graver, a comparatively new development in the field of electronics, which enables speedy cutting of plastic engravings, The Herald can develop its picture-word reporting to the fullest extent. A glance through the pages of this week's Herald illustrates just what is meant by picture-word reporting. On almost every page there is a picture of local interest. Although picture coverage is confined mostly to the Peach Festival there are sports pictures and a wedding picture, besides others of local folk viewing the new CPR stainless steel cars, which were on exhibition here this week.

As for the up-to-the-minute reporting through photography, glance at the front page picture of the demonstration put on by the Penticton Fire Department for the visiting fire chiefs from all parts of the province. The blaze was set at 9:15 a.m. this morning. The "fire girl" was snapped sliding down the pole at 11 a.m. and before noon engraving was ready for the page makeup man.

The Fairchild Scan-a-graver is a costly and delicate piece of equipment, but its acquisition by The Herald was considered justified by the publisher in view of the decision to publish three times a week, starting in the near future. With the facilities of picture reporting greatly expanded by acquisition of the Scan-a-graver, The Herald hopes to give fuller and more interesting coverage of local events in its three times a week issues than has hitherto been possible. In charge of this new department is Bob Morrison, a capable photographer who has been employed on sports and general reporting with The Herald for more than a year. Bob, a born photographer, is proud and happy with his new department and beloved camera and is fast acquiring an affection for the new Fairchild Scan-a-graver, the operation of which he has speedily mastered, as illustrated by the pictures appearing in this edition.

This method of reproducing halftones through the medium of electronics is still in its infancy and methods of improving reproduction are constantly being sought by engineers. Improvements and refinements of the future will be added to the Herald's machine as they come about. The Herald hopes that its new picture coverage will meet with the approval of its readers and that they will continue to give their loyalty and cooperation to The Herald staff in their task of gathering the news, even though much of it will be gathered by the camera's eye.

**SATISFACTION** is shown by the Herald's general manager R. L. "Dick" Sharp (middle) and Herald editor Sid Godber (left), as they watch the newly acquired Fairchild Scan-a-graver in operation under the watchful eye of Scan-a-graver expert Geo. Polchey from Spokane, Wash., who is standing behind the machine. The picture was taken by the Herald's photographer and picture department head Bob Morrison. The machine which only arrived last Friday was instantly put into operation and the results can be seen throughout this week's edition of the Penticton Herald.

# Mayor Battles With Alderman

Routine recommendation that a complaint over bad road conditions be referred to the board of works committee led to a spat between Mayor Oscar Matson and Alderman Frank C. Christian in council meeting on Monday.

Complainant was T. E. Swann, who appeared before council to complain "very bitterly" of the condition of Railway avenue from Eckhardt avenue south to the Penticton Sawmills.

All that Mr. Swann asked was that the city grader which, he said, regularly graded the strip between the arena and Eckhardt avenue should continue on down the avenue.

## VOTES AGAINST

Came the routine motion that the matter be referred to the works committee. Alderman Christian, in annoyed tones, informed Mayor Matson he would vote against the motion. "We have been advised by Stevenson and Kellogg to delegate some of this responsibility to department heads," (Alderman Christian was referring to the report of Stevenson and Kellogg, management engineers, made following a survey of the civic administration last year and which was adopted by the 1953 council.)

Mr. Swann continued to enlarge upon the terrible condition of the road. Mayor Matson rumbled to Alderman Christian, sotto-voce, to the effect that there was no need for Alderman Christian to get hot under the collar about it.

IT'S RUDE

"Just a minute," snapped Alderman Christian, "now the Mayor is interrupting, it's not right—it's rude."

Mr. Swann tried again. "Now may I proceed—?"

"If it's alright with Alderman Christian," interjected the Mayor.

"I don't like that remark much either," roared Alderman Christian, "you're supposed to be in charge of this meeting."

"That's what I thought," cut in the mayor angrily.

The motion was put. Alderman Christian recorded his opposition.

NO GOOD

"It didn't do you any good," commented the mayor.

"There you go again. How did you know it didn't do any good. Some one has to protest—referring the matter of running the grader over a street to a committee. This council has got to

learn to delegate responsibility," Alderman Christian snapped back.

There it ended—a storm in a teacup—but a storm which may prove of magnitude in its relation to council policy regarding delegation of responsibility.

## DEPUTY MAYOR

Alderman F. C. Christian will succeed Alderman H. M. Geddes as deputy mayor. The appointment which takes effect September 1 will continue until the end of the year.

Grant Warwick, coach of the Penticton Vees, reports that there is a strong possibility of the Vees travelling to Trail on October 8 for an exhibition game with the Smoke Eaters.

## Rainy Weather

(Continued from Page 1)

were hard hit.

Apple scab has been receiving close attention of growers fifth, fire marshal of B.C. Electric Company. There are four throughout the season. "This particular problem remains a big one," Mr. Trumpour explained. "At the present time, temperatures are a little below ideal as far as spread of scab is concerned, but wet weather may nullify that small advantage."

Mr. Trumpour remarked that in sampling of peaches, it was noted that sugar content was below normal, a condition attributable to the weather.

The weatherman promises no immediate or prolonged break in the pattern, the long-range forecast issued at press time being "cloudy with a few scattered showers" today and Thursday; little change in temperature; winds light; low tonight and high tomorrow, 45 and 70. Adding to the districts' woes are the "scattered thunderstorms" forecast for this evening and tomorrow afternoon. To make matters worse, a sudden warm spell would add to harvesting difficulties, as the "V's" peaches are all about ready for harvesting operations. "Rochesters are not yet all picked," an almost unheard-of situation, said Mr. Trumpour.

There were still some Bartlett pears to pick when the latest siege of poor weather set in, and some "tail ends" of apricots still to be harvested.

Prunes are progressing normally but incidence of "narrow neck" has been noted, possibly presaging some shrivel.

About the only bright weather spot in this district has been absence of hail. Naramata had one such storm but damage was spot.

Control of mites became a costly business this year. Most orchardists were relying on phosphates in the battle against them and the European Red Mite apparently built up immunity again malathion. Parathion was used, but being a "cousin" to malathion, proved ineffective, with the result that the expense bill mounted out of all proportion.

Growers in Keremeos-Cawston are also concerned especially those with large field crops. "A sad picture unless we get a break in the weather, and soon," commented one of the largest growers in the district.

## Something to Depend Upon

Humanity's call today is for security. Can what we think protect us?

There is an answer of price-less assurance now at hand. Many in heartfelt gratitude are finding it in the Christian Science textbook.

SCIENCE and HEALTH WITH KEY TO THE SCRIPTURES by Mary Baker Eddy

Sincere study of this great book shows anyone how to turn to God in a way that is both practical and certain. It shows how to *avail oneself* of the Bible promise, "Thou wilt keep him in perfect peace, whose mind is stayed on thee; because he trusteth in thee" (Isaiah 26:3).

Science and Health may be read, borrowed or bought at

CHRISTIAN SCIENCE READING ROOM

Visitors Welcome

Information concerning free public lectures, church services, and other Christian Science activities also available.

WHEN THE CPR'S NEW SELF-PROPELLED CARS were on display here on Monday a number of local people took a tour of inspection. On the left of the aisle, in the above picture, are Ivor Solly, A. J. Cowie (divisional superintendent for the company), J. D. Southworth, James Brittain, T. W. Bryant, Mrs. J. B. Feeney, and Mrs. R. F. Raikes. To the right, from the front, are Kenneth McKay, A. S. Hattfield, H. A. Nicholson, G. Everett Craig, Mrs. John Coe and Mr. Coe, J. C. Jeppson (district governor of Rotary), Lloyd E. Willis, George J. Fox, passenger traffic representative for the CPR, E. Brittain, Mrs. H. G. Nares, and Mrs. M. R. Dinney. Hidden behind the others on the left side, are Mrs. A. J. Cowie and R. F. Raikes.

## Fire College

(Continued from Page One)

their clearance and advice. 3. Go into action with CO 2, CTC, dry powder, fog or foam. 4. Go home safe, the latter being the most desirable thing to do.

Although his subject was a serious one, Mr. Griffiths proved to be an entertaining and amusing speaker. As a member of the International Brotherhood of Magicians, he recently toured the eastern and midwest United States in conjunction with fire prevention work and performs a novel card trick to amplify the statement "there's no trick to fire prevention."

Firefighters viewed with interest "equipment" displays by Mine Safety Appliance Co. and Saskatoon Fire Engine Co.

An artificial respiratory machine known as a "Pneolator" was displayed by H. O. Lewis and E. Schwarz of Mine Safety Appliances. It does the job of a resuscitation with intermittent pause to pressure and automatically cut-off to allow exhalation.

Another display of interest was a chemical oxygen mask which generates oxygen from a canister, doing away with pressure oxygen cylinders. Moisture from the breath acts on the chemical and generates oxygen.

Firefighters fondled a new type rubber boot with puncture proof sole. Two layers of tempered steel insole are built into the rubber, allowing flexibility. These boots are gradually replacing worn out ones in halls throughout the province.

A new, duplex, multi-stage pump was brought in specially from Battle Creek, Mich., for demonstration. First two of these in B.C. were recently delivered to civil defence headquarters at Vancouver.

An address by Assistant Chief T. Anderson, of Vancouver, officer commanding auxiliary fire services, dealt with training of firemen. He touched on various aspects of training, properly constructed exercises, standardization and the need for firemen to think and act individually in certain emergencies.

One of the true old-timers attending this college is W. A. Oswald, of Vancouver, secretary-treasurer. For many years deputy fire marshal for the province, Mr. Oswald has done fire prevention work for 35 years and was one of the original organizers of the B.C. Fire Chiefs' Association.

College will conclude Friday afternoon with election of officers. Present executive is Chief R. McDonald, Duncan, president; Chief L. Lohman, Abbotsford, vice-president; W. A. Oswald, Vancouver, secretary-treasurer; D. Watts, CFPD, MacMillan-Bloedel, assistant secretary, and directors Chief C. Hightest, New Westminster, Chief F. Bryers, Victoria, and Chief Merv Foreman, Penticton.

There will be an exhibition hockey game October 1 at the Penticton arena between the Westminister Royals, of the Western Hockey League, and the Penticton Vees, coach Grant Warwick reported today.

The fire hall reports only one call turned in last week and that a minor one. Lumber in the garage of D. McNair, Tennis street, caught fire Monday morning, the call coming in at 9:30 a.m.

SHOWN AT THE CONTROLS of the CPR "Dayliner" on display in Penticton this week is Mayor Oscar Matson, while A. J. Cowie, CPR divisional superintendent, points a finger of explanation. Each car is powered by two, 275 horsepower diesel engines. Self propelled, the "Dayliner" can attain a speed of 44 miles per hour within one minute of a standing start and is capable of doing 85 miles an hour.

INTERESTED SPECTATORS view the exterior of two "Dayliners" of Canadian Pacific Railway, on display in Penticton. Each car seats 80 passengers and can operate by itself or be coupled with other "Dayliners" to make a train of any desired length. Air conditioned, the car can be stopped in short distances, smoothly and quietly, by means of disc brakes. Domelike top is the "blister", housing the engine's cooling system and exhaust pipes.

## Much Work To Be Done If Money Can Be Found

A report of the city's financial position in general, and in relation to its borrowing power in particular, will shortly be submitted by the council's financial committee.

The report was requested on Monday by Alderman J. G. Harris who said he thought it was time such a report was submitted to

## Former City Clerk Here Visits Scene Of Labors

A warm welcome was extended by members of City Council on Monday night to J. R. Wigglesworth who was a surprise visitor to the council chambers. Mr. Wigglesworth was city clerk here from 1938-1945 and although none of the present council was in office during his years at the city hall the majority of council were old acquaintances. Mr. Wigglesworth is now residing at Deep Cove, Vancouver Island.

## Cawston Woman Dies, Age 20

Funeral services were held yesterday afternoon for Mrs. Mabel Verna Deck, of Cawston, who passed away last Saturday in Penticton Hospital, age 20 years. She is survived by her loving husband, Robert, mother and father, Mr. and Mrs. George Stewart, eight brothers and four sisters, Robert, Thomas, James, Frederick, Watson, Charles, Richard, all of Cawston, George, Prince Albert, Isabel, Frances, Mary and Joan, all of Cawston.

Funeral services will be held Friday at 2 p.m. from Keremeos United Church, Rev. L. L. Schuetze officiating, committal Family Plot, Keremeos Cemetery, Penticton Funeral Chapel in charge of arrangements.

## Public Works Employee Dies At Keremeos

Native of Keremeos and employee of the Department of Public Works, Philip Manuel Barcelo passed away suddenly yesterday, age 44 years.

He is survived by his wife Bernice, three sons, Bobbie, Ronnie, Leonard, three daughters, Doreen, Shirley and Beatrice, two brothers, Allen and Gordon, all of Keremeos, one sister, Mrs. Eric Becker, Osoyoos.

Funeral services will be held Friday at 2 p.m. from Keremeos United Church, Rev. L. L. Schuetze officiating, committal Family Plot, Keremeos Cemetery, Penticton Funeral Chapel in charge of arrangements.

## INTEREST-FREE LOANS FOR TEACHER TRAINING

If you would like to become a teacher and need some financial assistance for teacher training, the Department of Education can now assist you through its new loan fund.

Each year 1400 new teachers are required in British Columbia— young men and women of good scholarship, character, and personality who are interested in making teaching their profession!

## YOU MAY SECURE AN INTEREST-FREE LOAN UNDER THE FOLLOWING CONDITIONS:

- 1—If you have financial need the government will loan you money free of interest to supplement your own resources, whatever they may be.
- 2—You must repay the loan within four years of the date of issue, at a minimum rate of \$30.00 per teaching month.
- 3—You must give evidence of good scholarship and be judged to have aptitude for teaching.
- 4—You must agree to teach for three years after graduation from teacher training, in a rural area of British Columbia.

IF YOU ARE INTERESTED IN FINANCIAL ASSISTANCE FOR TEACHER EDUCATION WRITE FOR APPLICATION FORMS TO THE DEPARTMENT OF EDUCATION, VICTORIA, B.C.

### PENTICTON AFRAID

On rare occasions (too rare) we get to know a man who has the courage of his convictions — in Bob Morrison we have found — and lost — such a man.

CKOK has proved itself too small for Bob and this must be a blessing to all dull witted people who fear the tossed gauntlet or challenge of a thinker.

The air God gave us was ordained for the use of birds and, incidentally, it's still for the birds; toothpaste, paint, hit-parades and a hundred brands of soap, but constructive thinking is no.

This field of radio falls so far short of what it could be because listeners refuse to recognize its potentialities. They fear to be because someone might give them something to think of, (perish the thought) and thinking perishes.

And so, secluded, obedient and dull like sheep — we are led along this "approved listening" road whose end will be — a perfect understanding of some brand of soap.

Once a man dares step from the orthodox, deadpan, dull stereotyped, "approved method of broadcasting," writing or even thinking — he gets the axe.

Once a man steps on the toes of the "Infallible" or makes a remark of I.Q. plus 6, or digs up some dark secret hidden on our fair streets — or speaks the truth — he must be shut up — and fast.

Perhaps someone who sits in a high place in Penticton is afraid Bob may reach him someday — perhaps he has more to fear than Bob.

Perhaps Penticton should feel ashamed of itself — "Personally Speaking" I think Penticton is afraid of him. He is too much a man for a small town.

R. Y. ALLEN,  
Kaledon.

The Editor,  
Penticton Herald.

A letter written by H. E. Gough, 212 Power Street, has much to

commend it and I agree with him 100 percent. The only thing is, he does not go far enough.

I live on the other side of the park next door to the old rodeo grounds where the Peach Festival Square Dancing Jamboree is held.

If they are going to remove that portion of the fence surrounding Queen's Park on the east side — that is Power street, then the fence should be removed for residents on the west side — or for that matter the entire fencing and rodeo set-up should be removed if they are no longer holding rodeos.

Also a taxpayer.

George A. E. Garnitt,  
903 Vernon Avenue.

The Editor,  
Penticton Herald.

### COMING BACK

My wife and I have had a delightful vacation in your beautiful valley — so pleasant, in fact, that I must thank someone.

The high spot for me was your Penticton golf course where I enjoyed several rounds. During the past 35 years, I've played many courses from Vancouver to San Diego, Capilano, Seattle and Portland golf clubs, Stanford, Del Monte and Cypress Point, Pebble Beach, Riviera at Los Angeles and dozens of others. Goat courses, sagebrush fairways, sand greens, the Pacific coast has all types.

The nine hole course you have here is not easy to score on and considering its length is a real test for the average golfer. The location of the tees for the second nine makes it practically an 18-hole course — you use every club in the bag — it's hard to realize it's only a 9 hole course.

Our favorite vacation spot on the coast is Vancouver Island — but we are certainly coming back to Penticton!

Don D. Davis  
2205 Broadway,  
San Francisco.

## NEWS FROM

## Victoria

By J. K. Nesbitt

One wonders why all the furor from the opposition about Premier Bennett's suggestion that the Peace River riding get another MLA.

There's nothing new in this idea; last session it became known that the special redistribution committee favored two MLAs for Peace River; two for Delta and two for Burnaby. Now the premier confirms this — that's all. There's nothing political about it; if there was the premier wouldn't be advocating another seat for Burnaby, which is a strong CCF riding. Delta and Peace River are Social Credit.

But because the premier told the people of the Peace River he favors another seat for them, members of the opposition who served on the redistribution committee last session are huffing and puffing with great and furious indignation, saying the premier has insulted them, and the legislature.

Oppositionists down the years, of course have always accused premiers of dictatorship. They do this for political reasons, even

though they know full well that under our system of government we can't have a dictatorship, that it's impossible as long as there are free elections every four years. Premier can't be dictators; a premier is responsible to the government he heads and the government's responsible to the legislature. The legislature can throw the government out any time it wants.

An opposition is important in our legislative life, but it should never be forgotten that the opposition, no matter how important, is not the government. An opposition must not be permitted to make laws. If the people, by their free votes, wanted the opposition as the government, that would have been so. Whether we like it or not, a majority of the people of this province gave government and legislative power to W. A. C. Bennett — and he's only doing his duty when he forthrightly expresses his ideas for the betterment of the people, as he sees it. If the people don't like what he does they can get rid of him when the proper time comes.

## YOU SAW IT AT THE EXHIBITION

**BUY IT FOR ONLY \$2064**

**HILLMAN MINX CONVERTIBLE**

Triangle Motors are very, very pleased indeed with the wonderful success of their "Hillman" display at the Rotary Exhibition... the many thousands who paused to praise the fine features of the great little Hillman... if you missed the Hillman at the Exhibition then come down to Triangle Motors and join the ranks of happy motorists who are "sold" on Hillman.

(other models as low as \$1895)

The extra smart way to travel. The Hillman Convertible is one of the most distinctive cars on the road. Here, then, are virtually three cars in one, with top adjustments to suit the weather. You can ride either with the top fully closed, providing all the comfort of a sedan or in the half-open or Coupe de Ville position. When the weather's "set fair" the top can be stowed away out of sight altogether, transforming the Convertible into a sleek open sports tourer.

Ask for a demonstration ride — call right away!

Survived by his loving wife, Bernice, three sons and three daughters, Bobbie, Ronnie, Leonard, Doran, Shirley and Beatrice, two brothers, Allen and Gordon of Keremeos, B.C. One sister Mrs. Eric Becker, Osoyoos, B.C. Funeral services will be held from the Keremeos Community Church, Friday, August 27th at 2:00 p.m. Rev. L. L. Schuetze officiating. Committal family plot, Keremeos cemetery. Penticton Funeral Chapel Directors.

## IN MEMORIAM

GORDON — In loving memory of my dear mother who passed away August 24th 1949. Time may heal the broken hearted. Time may make the wound less sore. But time will never stop the longing. For the loved one gone before. Ever remembered by her daughter, Mrs. Ethel Cook and grandson Ernest.

MITCHELL — In loving memory of our dear, beloved grandson, Phillip Mitchell, who was killed August 29, 1952. It is lonely here without you and sad the weary way. For life is not the same to us since you were taken away. If we had the world to give, we would give it all to you. Just to see you smiling face and greet you at the door. If you have loved ones, cherish them with care. For you never know the heart aches, till you see the vacant chair. Sadly missed by his grand parents, Mr. and Mrs. Rantz.

FAIRLESS — In memory of Sgt. Ernest Fairless, 1166 Forestbrook Drive, who passed away suddenly August 30, 1952. Memories are the lamps that light the darkest road. To the happy hope of reunion. Where we meet at the end of the road. Ever remembered by his loving wife, Ethel.

## ENGAGEMENTS

Mr. and Mrs. Charles Bryan of 426 Hanson St., Penticton, B.C., announce the engagement of their daughter Patricia Anne to Campbell Neil Mayes, youngest son of Mr. and Mrs. M. R. Mayes of Penticton. The wedding will take place September 11th at 3:00 p.m. in the United Church, Penticton, B.C.

**In And AROUND TOWN**

Mrs. F. M. Wright, of San Pedro, California, has been a guest in this city with her brother-in-law and sister, Mr. and Mrs. L. V. Newton. During Mrs. Wright's sojourn in Penticton she was joined by San Pedro friends, Mr. and Mrs. John Gower and Mr. and Mrs. William Murphy, who were guests for a brief time at the home of Mr. and Mrs. Newton.

Mr. and Mrs. Sven Norgren have been recent hosts to several members of Mr. Norgren's family. Here to spend the past week-end visiting them were his brother and sister-in-law, Mr. and Mrs. Ben Norgren, of Trail, and their son, Roger, of Ottawa, and visitors on Friday were Mrs. Beth Norgren, son Ronald, and mother, Mrs. Simpson, who were en route to their home in Calgary from a holiday visit in California.

Captain and Mrs. John Bowen-Cuthbert with children are currently holidaying in Lynden, Washington.

C. R. Wilton, of White Rock, spent a few days in this city last week visiting his parents, Mr. and Mrs. R. S. Wilton.

By WM. J. HARRIS

Well folks, here I am again, last week I did Carl's column because he was up to his eyes in work for the Peach Festival, this week it's "stove pipes". By the way, did you ever hear of a Hit Parade in reverse? The New York Herald Tribune recently invited its readers to vote for the records they found most boring. Among the 10 winners (a rather dubious honour) were such classical standards as Wagner's Bolero, Wagner's Parsifal and Brahms's Requiem. The composers who rated the most yawns were Beethoven and Wagner, and of the accepted musical greats, Haydn came off almost unscathed.

On the other hand, from the Far West comes solid support for most of the old music masters. According to a bit I saw in the paper recently, an Idaho State College music instructor owns a Persian cat whose mischievous antics lend to the works of Bach and Mozart. The four-footed dilapidate (remember, it's a long haired Persian) often perches atop his owner's grand piano for six hour stretches as long as his favourite music is played. When the tempo changes to something modern the tabby takes off on the run. What ever your taste or opinion, turn to the HARRIS MUSIC SHOP for we do a RECORD BUSINESS. We also carry quality PIANOS and MUSICAL ACCESSORIES so make 273 Main Street your MUSICAL HEADQUARTERS.

Miss Rona Leigh Hunt has arrived from Vancouver to spend a two weeks' vacation with her parents, Alderman and Mrs. Wilson Hunt, Skaha Lake.

Miss Barbara Ann Fryer, a nurse-in-training at the Vancouver General Hospital, is spending her summer holidays with her parents, Mr. and Mrs. D. B. Fryer, of Kaledon.

Mr. and Mrs. Taylor Beatty and children, Janice and Rockland, of Port Alice, are guests at the home of the former's brother-in-law and sister, Mr. and Mrs. C. H. Hinchman, Skaha Lake, while in this city to visit after an absence of 15 years. While here the Port Alice residents are also visiting Mr. Beatty's other brothers-in-law and sisters, Mr. and Mrs. Harry Davis and Mr. and Mrs. D. P. O'Connell.

Guests this past week at the home of Mrs. D. C. White were Rev. and Mrs. J. C. Campbell, of Victoria.

Mrs. J. C. Smith and son Kenneth, are here from Barrie, Ontario, to visit the former's mother, Mrs. Bruce Cousins, Mr. Smith who is with the Black Watch Highlanders, is enroute to Korea.

Miss Deirdre De Beck, a nurse-in-training at Royal Jubilee Hospital, Victoria, has returned to the coast after spending her month's annual leave in this city and in Naramata visiting her parents, Mr. and Mrs. Victor De Beck.

Miss Barbara Davenport, who is with the school of nursing at St. Paul's Hospital, Vancouver, has been visiting in this city with her mother, Mrs. Marlon Davenport.

Mr. and Mrs. J. R. Johnston and son, David, were weekend guests with Dr. and Mrs. W. H. White, at Christina Lake.

Mr. and Mrs. A. A. Swift were hosts during Peach Festival activities to a singing group from the coast who participated in the Variety Show, the Veletones, from Vancouver. Among the guests, chartered by the hosts' daughter, Mrs. Dave Brain, were Miss Jeanne Suttis, "Miss English Bay", and the Misses Lynda Staff, Peggy Moffit and Marie Brain, granddaughter of Mr. and Mrs. Swift.

Mrs. Nathan Mitchell, of Calgary, is a guest in this city with Mr. and Mrs. A. M. MacLachlan.

A Theatre By Starlight performer, Miss Vivian Chadwick, returned to Vancouver this week after spending her time in Penticton as a guest at the home of Mrs. Bruce Cousins, Naramata road.

Mr. and Mrs. Ernie Fullerton and son, Wayne, of Victoria, returned to the coast on Monday after spending the Peach Festival days in Penticton as guests at the home of Mr. and Mrs. A. G. Schell.

Mrs. C. W. Nicholl and Mrs. A. J. Patterson left on Tuesday of last week to travel together to Alberta where they will both holiday for the next two weeks. Mrs. Nicholl will visit her sister in Wetaskiwin and the latter tour, it will spend her vacation in Edmonton.

Former residents of this city, Mr. and Mrs. W. H. Ball, of Kelowna, were guests at the home of Mr. and Mrs. G. J. Winter while in this city Saturday to attend the Peach Festival.

**Penticton Nurse Bride In Pretty Ceremony Here**

Miss Helen Mary McTavish, R.N., who served as director of nurses at the Penticton Hospital last year, became the bride of Peter Lenzi, of Summerland, at a pretty ceremony held in the Penticton United Church Manse on Friday evening at 7 p.m.

Rev. Ernest Rand officiated at the mid-summer rites for the daughter of Mrs. W. J. McTavish of Asquith, Saskatchewan, and the late Mr. McTavish, and the son of F. G. Lenzi, of Summerland, and the late Mrs. Lenzi.

The bride, charmingly attired in a mauve colored ensemble with white accessories and carrying a bouquet styled of pale yellow tea roses and stephanotis, was attended by Mrs. R. R. Lenzi, of Summerland, the groom's sister-in-law. Mr. Lenzi was best man for his brother.

Following a reception held at the home of the groom's father in Summerland, the newly married couple left on a motor trip honeymoon to points south. Mrs. Lenzi travelled in a grey suit with accessories in bronze color and corsage of blending colored rosebuds.

On their return to the Okanagan Mr. and Mrs. Lenzi will take up residence in Summerland. Among those from out of town attending the wedding were the bride's mother, and her cousin, Mrs. Wanda Worden, of Saskatchewan.

**Mary Pratten Dancing School To Close Here**

Miss Mary Pratten, of Kelowna, who has conducted a school of dancing in this city for several seasons, will not continue her school here.

The Summerland and Kelowna schools will re-open on September 8 and 9 respectively. Miss Pratten will be pleased to receive any of her former pupils who wish to continue with her.

Swansea is the main centre of the United Kingdom's copper, tin, plate and zinc industry.

A CHAPERONE'S duties are many and are always discharged with pleasure and a smile by Penticton's Peach Festival royal chaperone, Mrs. Graham Kincaid. Pictured above she is giving assistance to Miss Lynn Adecock, of Vernon, Miss PNE 1953, in adjusting the hoops of her lovely gown as she prepares to attend the Crinoline Ball held on Thursday evening in the Incola Hotel.

**Festival Royalty Chaperone's Duties Happy Experience For Mrs. Graham Kincaid**

Seven years as official chaperone to Penticton Peach Festival royalty has been a most pleasing experience for Mrs. Graham Kincaid, who has served in that capacity since the first lovely Queen Val-Vedette, attended by her two princesses, was chosen to reign over the city's annual gala event.

Mrs. Kincaid's duties have been varied as she has accompanied each year's royal group on many out of town publicity appearances and attended the trio as it participated in local public events and in the annual festivities.

Her chief responsibility has been the supervision of the group's wardrobes as they prepare to attend numerous functions. Her relationship with each group has always been extremely happy and agreeable. "I have never found it necessary to reprimand any of the girls during the years I have been their chaperone," she stated. "They have always conducted themselves with credit to Penticton and the group they were representing."

As well as keeping a "watchful eye" on the girls' clothes and grooming details, Mrs. Kincaid has assisted the Women's Auxiliary to the Peach Festival in selecting their wardrobes. She is in charge of the gold-brided trimmed satin royal cape, and assisted in choosing it and adding the trim. Mrs. Kincaid has always made the satin pillow which is

**WASH HAIR EARLY**

If you want your hair to look prettier on special occasions, be sure it's shampooed about two days in advance of the date. Na-

turally, you'll want your hair to be sparkling clean, but your coiffure will look more flattering if it's had a chance to soften up after being set.

SOCIAL EDITOR

MRS. HAROLD MITCHELL

DIAL 4055

PICTURED ABOVE at the garden reception following their marriage Saturday in St. Ann's Roman Catholic Church are the former Miss Estaire Deena Clark and her smiling groom, Kevin Donald Conway, popular hockey player and defenceman with the Penticton Vees, Allan Cup champions for 1954. With them from left to right are Charles Wood, usher; Kenneth Smith, best man; Miss Alice Williams, bridesmaid, and Ernest A. Turk, usher.

## Miss Deena Clark Bride Of Kevin Conway In Pretty Mid-Summer Ceremony Here

Wide interest among the wedding principals' many friends in the Okanagan Valley and across Canada, and particularly in hockey circles, was focused on the pretty mid-summer ceremony on Saturday afternoon in St. Ann's Roman Catholic Church in which Estaire Deena Clark became the bride of Kevin Donald Conway, formerly of Cornwall and VanKleek Hill, Ontario, well-known defenceman of the Penticton Vees.

The lovely dark-haired bride, who is the only daughter of Mr. and Mrs. Gordon M. Clark of this city, was given in marriage by her father to the son of William Conway, of St. Jerome, Quebec, and the late Mrs. Conway. Rev. Father J. S. Mullany officiated at the nuptials.

The church altar was decked with baskets of pastel colored blooms to provide a beautiful setting for the wedding. The bride and groom were each wearing a tiny satin bow and wedding veil. Miss Marie Pelletier, church organist, accompanied Mrs. Don McNulty, who sang "Ave Maria" during the signing of the register.

An original model gown styled in a design reminiscent of fashions at the turn of the century, was chosen by the charming bride for her wedding. Fold after fold of nylon net highlighted by delicate embroidery was draped to fashion the diagonally cut bodice of the lovely gown which mistled over taffeta. The overskirt feature of the gown's billowing net skirt over crinoline was accented by the scalloped embroidery design which also defined the neckline and short sleeves of the bodice. Complementing the bride's attire were a floor-length embroidered net veil clasped by a tala of mohair ruching, below the elbow net mitts and a shower bouquet of red carnations intermingled with stephanotis. An engraved silver bracelet, a gift of the groom, was the bride's only jewelry.

Miss Alice Williams, as bridesmaid, carried a crescent of coral colored gladioli to blend with her frock of coral rose net and French lace in white. The net fashioned into a brief bolero matched the bouffant skirt of her gown which flared from a figure molding hip length bodice of the lovely, imported white lace. She wore a large picture hat of net and a single strand necklace of pearls.

Kenneth Smith was best man and ushering were Ernest A. Turk and Charles Wood.

A reception for more than 200 guests was held in the garden at the home of the bride's parents under an arch of mauve colored gladioli and fern. In the receiving line was the bride's mother, attractively attired in a pongee sheath over-printed in black with black accessories and large black hat.

The toast to the bride was proposed by James Fairley and presiding at a table decorated with crystal bowls of gladioli and snapdragons were Mrs. G. J. Winter, of this city, and the bride's aunt, Mrs. Tilly Clark, of Vancouver, who made the four tier wedding cake centering the bridal table. The beautifully appointed table was covered with

## Many Functions Entertain Wives Of Fire Chiefs

The British Columbia Fire Chiefs' 23rd Annual Convention and Fire College being held in Penticton this week has prompted more than 70 of the delegates' wives to accompany them to this city.

They are not here for business deliberations, they simply came to visit Penticton and district and participate in several social functions arranged for their entertainment by the local Women's Auxiliary.

Mrs. W. T. Mattock is convener of the many pleasing events currently entertaining the visitors. Mrs. H. M. Foreman and Mrs. J. D. Crawford, president of the L.A., are official hostesses during the week's activities.

On Tuesday morning, the first day of the convention, the fire chiefs' wives and approximately 25 local members of the L.A. were guests at a coffee party at the home of Mayor C. Oscar Matson and Mrs. Matson, at their home on Lakeshore Drive. Later in the day they travelled to Summerland to visit the Dominion Experimental Station and returned to Penticton for tea on the S.S. Scamouss.

Last evening they joined the firemen at a get-together on the S.S. Scamouss.

This afternoon started with a bus trip to Osoyoos to be followed by a tea party there. This evening's plans include attendance at the Theatre by Starlight performance for the visiting ladies.

Tomorrow they will participate in a conducted tour of the fruit packing houses and in the evening be guests at a banquet and entertainment in the Tartan Room at the Hotel Prince Charles. Tea on Friday afternoon at the Hotel Prince Charles will conclude the round of social activities planned to entertain the many visitors.

## Beverly Anne Ede Bride Of David Harvey Wright In Pretty Ceremony Here

Lovely summer blooms, gladioli, carnations and stocks, in a harmony of pastel colors, banked the altar at St. Saviour's Anglican Church for the pretty double ring ceremony on Tuesday, August 10, at 7 p.m. in which Miss Beverly Anne Ede became the bride of David Harvey Wright, of West Summerland.

Rev. Canon A. R. Eagles officiated when the daughter of Mr. and Mrs. W. F. Ede, of this city, was given in marriage by her father to the son of Mr. and Mrs. Harvey J. Wright, of West Summerland.

The bride's ballerina length gown, fashioned of tulle, nylon tulle over taffeta with radiating of rose point lace, was mistled by an embroidered veil of illusion held by a Juliet cap styled of lace rose petals. Accenting the bridal ensemble were a bouquet of deep red roses and pearl earrings, worn as the bride's only jewelry.

Pretty, styled frocks also in ballerina length were chosen by the bride's attendants; Miss Sheila Colquhoun, of Vancouver, as maid of honor, wore coral colored taffeta with a net bolero, a Juliet cap and carried a spray of Tulleman roses; the junior bridesmaid, Miss Molly de Ballharrard, of Trail, chose pale yellow for her tulle frock and matching colored carnations in her hair circlet and bouquet.

The bride's two young cousins, Miss Alice de Ballharrard, of Vancouver, and Miss Linda de Ballharrard, of Trail, as flower girls, were charming in dainty frocks of pink and blue organza over satin. They carried colonial bouquets of feathered carnations and the same deep pink blooms intertwined to form their hair bands.

Murray Elliott was best man

## Bridal Shower Honors Former Peggy Adair

Mrs. Charles Young, the former Miss Jean (Peggy) Adair, manageress of Sweet Sixteen, was the honored guest at a miscellaneous shower held recently by Mrs. D. C. White and Mrs. Ken Dunham at the home of the former hostess.

The bride of last week was presented with many prettily packaged gifts by those present, after which a pleasant social hour was concluded with the serving of dainty refreshments by the hostesses.

Among those attending the bridal shower for Mrs. Young were Miss Carol Henderson, Mrs. Frank Metcalf, Miss Joan Nagle, Mrs. S. B. Nagle, Mrs. Clair Baker, Mrs. Ron Buck, Mrs. N. C. McCallum, Mrs. Elsa Cameron, Mrs. B. Powell, Miss Donna Scharstrom, Mrs. Mel Gregory, Mrs. Ron Carter, Mrs. Earl Schneider, Mrs. Ken Hammett, Mrs. Russell Updell, Miss Barbara Updell, Mrs. Ray Wharton, Mrs. V. A. Marshall, Medicine Hat, Alberta; Mrs. Harry Kerr, New Westminster, and Miss Phyllis Gray, Victoria.

Former residents of this city, Mr. and Mrs. Robert Bell, of Oklahama City, are guests this week with Major Hugh N. Fraser. Mr. Bell conducts a School of Ballet in the American city.

## Chatting... from THE CHARLES

With O'M

The PRINCE CHARLES has been the scene of many interesting gatherings this week, in addition to its usual weekly service club luncheons, from "Peach Fest-revelling" to "Peach Luncheon to Firemen's Conventions."

Guests in the DINING LOUNGE, Thursday were surprised and amused to witness a group of people enter the hotel and lounge dressed in "Old Time" costume, and seat themselves down to one of the PRINCE CHARLES' complete dinners. Apparently they were the cast of the local Theatre by Starlight, in costume of their show, "THE DRUNKARD."

MR. EVANS LOUGHEED, the host at the PRINCE CHARLES took the whole thing in his stride as it was an everyday occurrence to have a group of "antics" walk into dinner. I guess when one is so sure of the service and excellence of the food, "and what goes with it" as they are at the CHARLES, one does not have to worry who comes into dinner.

Another evening an Orchardist from Natchez, was telling me some very interesting things being done in orchards in his part of the country more than likely you have heard this before, but to me it was new. Apparently whenever they get showers on their cherries, they rent a helicopter to fly over the trees, quite low and the force of the wind from the propeller blades blow the light rain fast on the cherries and prevents splitting.

Now maybe you are the type of person who prefers to sit quietly and privately in tasteful comfort, sipping your beverage, taking your time with your dinner. Well, you too, will be served exactly to your taste AND I would like to recommend the wonderful roast lamb and mint sauce. I am sure you will agree that not only the cooking but the quality of the meat is the finest.

On Thursday night, if you asked for a New York cut steak, Mr. Evans Lougheed regretfully refused you, because during the afternoon he found that the steaks were not quite as tender as usual... so without hesitation he had them all ground into hamburger for the coffee bar.

You know how that it must have cost three times more for the meat for those hamburgers than the price they sold for... but that is the policy at the CHARLES... either it fits Mr. Evans' high standards or it will not be offered to his guests.

I notice tonight that there were many Penticton people dining fashionably at the CHARLES... It is fast becoming the thing to do... to bring your family or guests to the CHARLES, or for the businessman who drops into the "ante-room" for a noon hour sandwich, served conveniently at your table with Harry or Archie at hand for those who prefer other beverages than coffee after too many morning coffees doesn't a nice long cold drink sometimes appeal more with a good sandwich?

See you in the "CHARLES" O.M.

## Another Robbery At Summerland Canadian Legion; \$250 Lifted

SUMMERLAND—Thieves took \$250 from the Canadian Legion at West Summerland sometime during Thursday night. The loss was not discovered until steward H. Howard went into the building at 2 p.m. Friday afternoon.

This is the third time the Legion has been robbed and almost the same pattern was used in gaining entry through a back window.

A heavy safe installed since the last break-in was turned on its side and about a square foot gouged out through which the money was taken.

In the loot was \$185 in nickels, so that the take was fairly heavy in two ways.

Steal must have been done in a leisurely way and by a trio. It is thought, since three empty beer glasses were found near the damaged safe.

A creek runs by the Legion building which makes it difficult to hear sounds from inside at any distance.

RCMP were notified but so far no identity clues have been found.

## New Film Highlights Canada's Food Rules

ent diets on white rabbits. Six rats are separated into two cages, three to a cage, and carefully weighed. Then children with nutritionally sound lunch boxes are assigned the feeding of rats in one cage, while children who bring soda pop and sweets to class are assigned the other cage. After four weeks the rats fed on these sandwiches, milk and other wholesome foods are seen to be sleek and healthy, while the rats fed sweets and soda pop are scrawny and small. One of the sweet-fed rats is dead.

Following this demonstration, the camera is focussed on various items that belong in a proper diet, while the commentator discusses Canada's Food Rules:

"MILK: at least a pint a day, in some form. FRUIT: One serving of any fruit or vegetables or their juices; one serving of other fruit. VEGETABLES: One serving of (potatoes at least) and two of leafy, green or yellow vegetables, frequently raw. CEREALS AND BREAD: One serving of whole grain cereal. At least four

slices of bread (whole wheat or enriched white, rye or pumpernickel) with butter or fortified margarine. MEAT AND FISH: One serving of meat, fish poultry or meat alternates. In addition to these, eggs and cheese at least three times a week. Frequent servings of liver."

A recently released educational film, "Food For Freddy," pays proper attention to the busy question-box that is a child's mind, according to an illustrated review in the current issue of Health magazine. The film, which dramatically presents the "whys" of Canada's Food Rules, was put out by the Nutrition Division of the National Department of Health and Welfare.

"Children like to know why," says the review. "If you say to a child, 'Milk is better for you than pop,' it is perfectly natural for him or her to say 'why?' or if not that, at least to wonder why without saying anything at all."

"The easy answer and unfortunately a rather common answer is: 'Uh, well, because it just is,' or 'Because I say so.'"

"The child, having a normal amount of rebel in his or her make-up, will think 'That's not much of an answer. I'll bet the real reason is that pop is more fun than milk and grown-ups don't want kids to have any fun.'"

"The film answers the child's 'Why?' with a simplified demonstration of the effect of different foods on the body."

SUMMERLAND—Mr. and Mrs. Ian Hume, of Montreal, nephew and niece of Mr. and Mrs. W. L. McPherson and Mr. and Mrs. H. B. Mair, visited with them en route home from the B.C. Games where Mr. Hume was one of 67 Canadian contestants in the high jump.

TAKING NO CHANCES of embarrassing the fire chiefs' convention with a fire in the Penticton hall, Wednesday, two visiting delegates, Mrs. Fred Little, (left) wife of Vernon Fire Chief, and Mrs. D. Weed (right), wife of a Vernon volunteer, keep close watch on Fae Lobban, (centre) daughter of Abbotsford fire chief, L. Lobban, as the young lady lights up her cigarette.

## Art And Photography Exhibition On Display At Peach Festival Great Improvement Over '53 Show

There was a most interesting display of paintings and photography by Okanagan artists at this year's Peach Festival, ranging from portraiture and impressionism to abstraction and fantasy, and from the simple to the abstruse.

The media employed in the painting was varied, and many types of work were represented. The photography particularly showed flexibility of imagination. Subject matter in the latter was most artfully chosen and exploited.

The fact that this year's display was so much larger than last year's is a good indication of the increasing interest being shown in art around the lower Okanagan.

The photography display included pieces that could grace any exhibition. Particularly impressive was the work by Alfred Grundig and Hugo Redivo. In fact these two men quite stole the show, in the opinion of spectators.

Subject matter for the photography was most varied in nature. There were still life and action shots, fantasies and nature studies, composite pictures and pictures so simple that only an artist could see the possibilities in the subject.

T. F. H. Padberg, who viewed the painting exhibition, has the following to say about individual works and artists:

"A special mention is in order for Mr. Lee Grayson's two superb watercolors, 'Neighbours', a prairie scene, and 'Sicamous'. These fine pictures would win honors at many art competitions. Two landscapes in oil by Mary Bull are boldly done and effectively painted. These are pictures one could live with. Joyce F. Noble, 'Square Dancers' in wash and India-ink outlines has life, verve and action."

"Indian Chief's Home", a watercolor, and "Poplars, O.K. Valley", palette-knife work in oils, both by Mrs. Carrie Lowe, bear the unmistakable touch of the professional. Mr. O. Sikorsky, a recent arrival from Rumania, offered two watercolors, "Boats" and "Munson's Mountain" which show experienced treatment.

"Mrs. Foley-Bennett in 'Above White Lake' achieved unusual treatment in presenting barren rocks above the tree line. A watercolor by B. Jackson 'Living room', had a most intimate atmosphere. Another devotee of high altitudes, E. F. Oswald, in a watercolor 'Up 6000 Feet' showed an interesting study of sentimental-like evergreens against a cold sky."

"Weldon Menden's Paintings show unmistakable talent, but harsh coloring detracts from his work. 'Acacia in Late Winter', a watercolor, by Mrs. E. H. Oswald showed sensitive treatment of a tree silhouetted against lake background."

"A palette-knife flower piece by Mrs. Mary McKay was exceptionally well done, although its background was rather too verdant and hampered the general effect. A contributor with an apparently prodigious output, Mrs. Mary Gammell, showed a number of remarkable watercolors featuring horses and cowboys in action in an arid, desert-like 'mosa-royal' atmosphere, representing the Okanagan and redolent of the southwest in colouring and subject matter."

"Mr. C. E. Leoney contributed two Okanagan scenes which faithfully reflected the feeling of this country, while Mr. John Scott showed a picture in a high key, titled 'Cliffs'. Another 'Cliffs' by Miss Vera Davies in watercolor, shows marked improvement over previous work. 'View of Okanagan' in oils by Mrs. J. E. Titch is a competent piece of work with a good Okanagan sky. Mrs. E. Bowman, Mrs. Willis and Mrs. Gornall show skill in handling watercolor while two studies of Vaseux Lake at dawn and sunset by Mr. R. Lyons were peaceful in effect if somewhat lacking in actual contour, atmosphere and perspective. 'Stylized flower pieces against black background were shown by Ruth M. Kavanaugh and Mrs. M."

### Chief Gets Ticket — Maybe?

Tacked to a pillar at Penticton fire hall is a brief note addressed to Chief Merv Foreman, but odds are its message will be ignored until the Fire College concludes Friday. Perhaps it will remain there as a memento of the gathering in this city of the "smoke-eaters."

The note reads, "Chief, you were overparked for one and a half hours. Call at the local RCMP office."

"Maybe it's just a gag," said the chief, "at any rate I'm too busy talking fire prevention and helping entertain the visitors to worry about a ticket."

### KEREMEOS

KEREMEOS—Mrs. Jerry McGlashing, the former Miss Helen Buchanan, was the guest of honor at a miscellaneous shower held Monday evening in the Elks' Home, when a group of friends were hostesses to about 125 guests. The wedding of Mr. and Mrs. McGlashing took place quietly on June 26 and the young couple left immediately for the coast.

Mrs. McGlashing was the recipient of many beautiful gifts. Delicious refreshments were served and an enjoyable social evening followed the opening of the gifts, which were presented in a sailboat to Mrs. McGlashing. Mr. McGlashing is the instructor in industrial arts at the Similkameen junior-senior high school.

Gordon Thompson and son, Bill, are visitors at the coast.

Bartlett pears are being packed at Keremeos Associated Growers' and Similkameen United Growers' packing houses in Keremeos and Cawston respectively.

Mr. and Mrs. W. C. Cokle have been visiting their son and daughter-in-law, Mr. and Mrs. Vernon Cokle, and their family of Quesnel, B.C.

E. S. Somers of Osoyoos addressed the congregation of St. John's Anglican Church at the morning service here on Sunday. Mr. Somers, who was a Lay Delegate to the Pan-Anglican Congress at Minneapolis recently told of his interesting and inspiring experiences while attending the gathering representing forty million Anglicans.

Mr. and Mrs. Donkin of Calgary have purchased the "Snack Bar" on Main street. The previous owners, Mr. and Mrs. Doug MacKenzie, have opened a refreshment counter opposite the theatre on property purchased.

D. Fuller again showed her charming "Similkameen Picnic Ground". Last but not least, Dr. G. Garlock exhibited a good copy of Tom Roberts' "Eaton Canyon", as well as a palette knife mountain scene, which manifests incisiveness — with no pun intended.

In the words of one of the organizers of the show at the arena, "If the arts and crafts displays keep on increasing in size and quality, the way they have done over last year's show, we'll end up by having a really top notch art centre at the Peach Festival if we're not careful."

## Penticton Air Cadet Outstanding In Canada

A Penticton Air Cadet, Corporal Ronald J. Lawson, ranks as the outstanding Air Cadet in Canada.

Corporal Lawson, the son of Mr. and Mrs. J. Lawson, West Bench, was winner of the Air Cadet League of Canada Trophy, awarded annually by the president of the League to the outstanding Air Cadet taking the senior leaders' course.

The Penticton Cadet won the trophy in competition with one hundred air cadets from all parts of Canada who were selected for

Canadian universities graduate about 12,000 students annually.

### Mrs. George W. Minns And Children Home From Visit Abroad

Mrs. George W. Minns and children, Frances and Charles, have returned to Penticton after a three-months' holiday visit abroad.

Mrs. Minns with her children left here early in June to travel by plane to Aberdeen, Scotland, where she visited her parents, Mr. and Mrs. George Mann, and from that centre toured through many points of historical interest in Scotland.

Later going to England she visited members of Mr. Minns' family in London, Sheffield and Hull. Prior to her journey home she spent three weeks at a resort hotel in Aberdeenshire, Scotland; the Deeside Hotel at Royal Deeside.

Mrs. Minns was delighted with the hospitality extended to her while she and her children were guests at the resort. She was the honored guest at a farewell party given by the hotel proprietor, Mrs. A. Fraser, and her family.

from T. E. Reed of Kelowna.

Bill McCague is presently attending the Okanagan Anglican Camp for senior boys; his brother, Mickey, took part in the intermediate camp earlier this month. Both are sons of Mr. and Mrs. F. C. McCague.

Mr. and Mrs. George Cruickshank of Clayburn, Miss Connie Cruickshank of Cultus Lake were guests last week of Mr. and Mrs. H. C. McGuffie, who had also as their guests, their son-in-law and daughter, Mr. and Mrs. C. A. Reid of West Vancouver.

Guests of Mr. and Mrs. J. C. Clarke were Mrs. Clarke's sister, Mrs. Neal M. Carter and her daughter, Helen, Mrs. L. M. Brett of Boundary Bay and Mrs. W. F. Gibson of Vancouver.

CPL. RONALD LAWSON

their leadership qualities to attend the seven weeks course at the RCAF station at Camp Borden, Ontario.

The seven week course consisted of drill, ground defence and lectures. From this course the Air Cadet drill team was drawn, which is scheduled to compete with cadets of the American Civil Air Patrol in the International Drill Competition at Minneapolis later this month. Corporal Lawson is a member of the Canadian team.

The Penticton youth has been a member of the Penticton Air Cadet Squadron for over two years and is also Troop Leader of the 1st Penticton Boy Scouts. Two other members of the local Squadron successfully completed the flying training course at Chilivack and obtained their private pilot's licences. They are Cadet Sergeant Fred La Chapelle and Cadet Corporal Ron Jensen.

MONTREAL—"A salad a day . . . is the summery way!" "Con right now, sun-ripened fruits and garden-fresh vegetables are at their best. And they are at their very best when served as a salad with the famous MIRACLE WHIP SALAD DRESSING. The famous MIRACLE WHIP is delicious, nor healthful, than the vitamin-packed salads of summer—whether fruit, vegetable, meat, chicken or fish . . . when they are blended with Miracle Whip. Yes, you'll taste the difference with Miracle Whip! You find that Miracle Whip has that special flavor—a secret, exclusive formula found in no other dressing . . . So, prepare your vegetables in the cool of the early morning . . . then both blend and crown them with a swirl of Miracle Whip—and eat back for family applause!

Have You Ever Longed For A "Fairy God-Mother" to give you "new" font in exchange for the old? Well, I know more practical answer to the problem of painful, torn, and calloused feet. Phenylmin, the wonder-working ingredient in BLUE-JAY Corn Plasters, Phenylmin gets right under the corn and helps push it out from underneath. It's the first really effective remedy for corns and calluses in over seventy years! In actual tests, Phenylmin went to work 35% faster and worked 35% more surely than other leading remedies. Why don't you enjoy this wonderful relief from painful feet? . . . ask for Blue-Jays with Phenylmin at your favourite drug counter today.

Had A Frantic Telephone Call last night from a friend of mine. She returned from a glorious holiday—only to find that thieves had broken into her home. She blamed herself bitterly for the loss of valuable and important documents which can never be replaced. How sad, when she could so easily have rented her own personal Safety Deposit Box at the BANK OF MONTREAL! A B of M Safety Deposit Box costs less than the price of your daily newspaper—yet it gives much perfect protection against fire and theft. Have you got valuable papers or jewelry lying around in a desk or drawer in your home? If so, why not place them in a Safety Deposit Box at "My Bank" today!

Highlight of the entire Peach Festival, the crowning ceremony Thursday evening before thousands in Queen's Park, was one of the most beautiful ever held as the pageantry unfolded on the low stage at the north end of the huge dance floor.

## Opera Composed Here Will Be Presented In Late Fall

The fact that two local authors have created an opera for women's voices, which will be produced here in the fall season, is winning widespread interest.

Mrs. R. H. Estabrooks and Mrs. A. M. Costley are the co-authors who have written the plot and lyrics for "A Legend of Ashnola's Singing Water," which they describe as "a simple tale set against an authentic local background."

The music, involving piano, flute, and rawhide drums, is the work of the well-known Vancouver composer, Constance Waterman, and the choreography is being prepared by a young Pentictonite, Marcia Rowland.

At a recent meeting the Penticton Ladies Choir agreed to present this interesting project, under their conductor, Monica Craig Fisher, and rehearsals will start in September, with the actual production expected in November.

There will be 25 voices in the production, with eleven soloists and seven ballet dancers.

Principals so far announced are Mrs. Denise Carrol, coloratura soprano, who will be "Singing Water," and Mrs. T. Walker, who will be "Shining Arrow." These are the two main parts in the three-act opera.

## District Governor Visits With Penticton Rotarians

Rotary Clubs in 89 countries and geographical regions throughout the world are united in an endeavor to promote international understanding, good will and peace. That was the message of J. C. Jeppson of Lewiston, Idaho, Governor of District 153 of Rotary International, in addressing the Rotary Club of Penticton on Monday, following a conference with local Rotary officers and committee chairmen on the previous evening.

In addition to the activities of Rotary's more than 8,300 clubs within their own communities, to promote this objective, Mr. Jeppson explained, Rotary International has spent more than \$1,500,000 in recent years through its program of student fellowships, which enable outstanding college graduates to study for one year in countries other than their own, as ambassadors of good will.

Since 1947, when this program was established, 606 Rotary fellowships have been awarded to

more than 389,000 business and professional executives throughout the world, regardless of differing nationalities or political or religious beliefs," Mr. Jeppson emphasized.

Plans for the commemoration of Rotary's Golden Anniversary this coming year were announced by President Wally Mutch of the Penticton Club, at the assembly on Sunday evening. These plans are under the supervision of the club's vice-president, A. K. Bent.

Mr. Jeppson was accompanied by his wife, who was entertained aboard the "Sicamous" at a Monday luncheon by wives of the local Rotarians.

J. C. JEPSON

students in 57 countries. Every district sends a fellow each alternate year, and District 153 will send one next year. "With fellowship and service to others as its keynote, Rotary provides a common ground for more

## Hedley Man To Serve Two Years In Jail

Arnold James Hendrickson, of Hedley, father of four young children, was sentenced to two years in penitentiary when he was found guilty of false pretenses, before Judge M. M. Colquhoun last Wednesday.

Hendrickson, who was out on probation after serving part of a sentence on a similar charge, pleaded not guilty and elected speedy trial.

The latest charge involved a cheque for \$1,995 by which he obtained a late model car from William Wilson of Vancouver.

### DROWNING ACCIDENTAL

A coroner's inquest, held last Wednesday afternoon, reached a verdict that Oliver orchardist, Joseph Fritz, came to his death by means of accidental drowning. Fritz's light delivery truck plunged into Okanagan River at Okanagan Falls, August 12, and his body was recovered some distance downstream.

**YES, RAIN!** Three and individuals stood under the eaves of the arena Thursday morning, opening day of the Peach Festival, watched the rain come down in buckets and pondered the fate of the big celebration. The trio (left to right), Tommy Walker, Lawrence Swingle and Fred Madden went back to work, the weather cleared and muddy feet was the worst damage suffered by most festival goers during the three days.

## Request Estimate On Cost Of Fixing Penticton Avenue

City superintendent of works was instructed by City Council on Monday to prepare an estimate of the cost of widening and graveling the Penticton avenue extension to the dam.

Council's action followed receipt of a 17-signature petition complaining of the "deplorable" condition of this portion of the avenue and requesting that something be done.

Alderman J. G. Harris said that it would be a matter of capital expenditure. "It is impossible to grade it anymore — there is nothing to grade," the board of works committee chairman told council.

Need more cupboard space? Attach screw-top jars lids to the underside of a cupboard shelf.

Then fill the jars with coffee, tea, sugar, raisins, etc., and screw them onto the lids. Presto! They are out of the way and still easy to reach.

Three quarters of New Brunswick's land is covered with merchantable timber.

## Sports Retorts

BY JOHN YEOMANS

When I first arrived in Penticton a month and a half or so ago I was informed by all and sundry that my worries were now over. They said, "Send your rubbers and your raincoat and your umbrella home to Vancouver, boy. You sure won't need them here!"

Wide-eyed innocent that I was, it got so I would believe these people: I would look at the sky and laugh. "You're licked, Jupiter," I would say. "You lost your punch in that big binge you went on at Vancouver. But I wasn't there. No sir. Look, no hat!"

Anyway, to cut short a story that hasn't got much to do with a sports page, I now find myself going out of my way to corner all the above people I set eyes on.

I stare them straight in the eye, until they whimper like lambs going to slaughter. Then, just as they go to their knees in the mud on the sidewalk, all glassy-eyed, I deliver the coup de grace saying: "Well, and what do you think of our Okanagan weather?"

Everybody, and that includes me, seems to be quite impressed with the results of Penticton's first shot at hosting a Little League. The organization was really fine, it seemed to me, both within the individual teams and in the organization of the league as a whole. Frank Miggins and Co. deserve a big pat on the back. If present interest keeps up, Little League here should go far.

With organization like that surely some sort of agreement could have been arrived at with the weatherman. Sure, the Little League playoffs finally got played, but it was nip and tuck all the way. I had horrible visions of Rotary playing Lions with snowshoes on, around December.

Not that my sympathies swing any way in particular, but it seems to me a good thing that one team eliminated the other in two straight games. That way the playoffs were begun and ended on Saturday, about the only day with decent weather in the last week.

All this talk about atmospheric conditions, you know, has its roots in living at Vancouver, that place where, when the talk gets dull, all you do is say the word "Rain" and it brings out the beast in people.

Was chatting with Scotty Gordon the other day, about this and that — meaning baseball. One thing he mentioned, which echoes the sentiments of a lot of people at this end of the Okanagan, was the odd way things are run in the OMBL.

Hate to dig up dead bodies, but the best example to illustrate the point is the Wendell Clifton business of not long ago. It's just an example, and in itself doesn't mean much, but it shows how shaky and indecisive is the constitution of the league.

I'm repeating the thoughts of Sid Godber on this one. He said almost the same thing a while back, before pressure of work forced him to drop Sports Pourri. The league needs a firm hand to guide it. The standard of ball in the valley is pretty darn high, and this standard, plus the support of the fans, deserves a really capable, and impartial executive to hold the tiller.

Scotty Gordon wrote a league executive for a copy of the constitution some weeks ago. Scotty is secretary of the Athletics, but at last report he still hasn't got what he'd ask for.

Seemed to me a good time to bring this league executive business up again, since the baseball world is just about due for its winter hibernation now.

Hats off to the Wheelers!! We have another championship team in our midst, in case you didn't realize it. The Junior softball girls have just finished copping the valley title and leave this Friday for Vancouver (or is it Victoria, or Sidney) to have a smash at beating the best the coast has to offer. Hats off again, and the best of luck! GO W's GO! If nothing else, you'll like the coast weather.

## Athletics Meet Kelowna In OMBL Play-off

Penticton will meet Kelowna in the semi-finals of the Okanagan-Mainline baseball league. The winner of this series will tackle the victor of the other semi-final knock-out between Kamloops and Oliver. This was officially announced a few days ago by OMBL president Harry Marilla.

The eventual winner of the final series becomes the play-off champion for 1954. Penticton has won the gruelling play-off series three times in the last four years, all of which were also pennant years for the local team.

There has been no announcement as yet on the dates of the Penticton-Kelowna series, though "Scotty" Gordon, secretary on the Athletics executive says "We'll probably play the first of these games here this Sunday, though there's been nothing definite said so far."

Penticton ended the season in second place in the Okanagan league, two games behind the high-flying Kamloops Okonots and a single game ahead of the Oliver club. In fourth spot is Kelowna, two games behind the OBC's. As in previous years, the first place team meets the third and the second meets the fourth in the play-off semi-finals.

## Wanted: Just One Penticton Win At Trail Track Meet

The Trail Athletic Association's second annual track meet, the Kootenay Track and Field Championships, are due to start September 11 at the inland city's Butler park, and all Penticton athletes are invited to take part in the growing sports jamboree.

Last year's meet saw participants from Penticton, Rossland, Nelson, Castlegar and Trail compete for the winning laurels. All these cities ended up by being able to boast winners — except for Penticton. It is hoped that Peach City representatives get onto the winning list in this year's track meet.

Athletes at the Trail sports day will compete for the standard track and field events, including all distances from the 100 yards dash to the mile. Field events will consist of the high jump, broad jump, pole vault, shot put and discus.

With athletic director Dmitri Golouber handling the championships' reins, as well as the applications of all those interested in taking part — the sporting occasion will probably be bigger and better than last year's, in the opinion of the Trail officials.

## JUNIOR GOLFERS TAKE OVER COURSE SUNDAY

Sunday morning at Penticton Golf course, junior golfers will take over as the boys' and girls' junior championship qualifying rounds take place.

These preliminaries consist of an 18-hole round for boys, and a nine-hole round for girls. Players will first be divided into category flights for the match play that follows. The four boys with lowest scores will play for the R. A. Cranna Junior Boys' trophy, the girls for a new trophy donated by Cranna's Jewellers.

## Naramata Fights To Tie With Coast Cricketers

The touring Vancouver cricket team ran into unexpected opposition at Naramata last Saturday, as courageous stands by five Naramata batters forced a tie with the powerful coast eleven.

Vancouver went to bat first and started scoring runs at a great pace. First man up, Kyle, hit the ball all over the small cricket pitch for a huge total of 92, Conway cutting short his century hopes with a fine catch. Kyle hit ten fours in his great batting performance.

Acc bowler Jesson showed great strength registering 44 runs before being caught out of his crease by Brock. Twelve of Jesson's runs came in the form of boundary sixes. Scott hit well in chalking up 20 runs, while A. Smith, Jr., connected with three fours in scoring his 13.

Vancouver declared after hanging out 207 runs, one of the highest totals collected on the Naramata pitch for some time. They should have put Naramata in to bat sooner, however, as first man up for the Islanders, Lewis, played steady cricket to tally 38 before being stumped by Tall.

Fourth man up for Naramata, Chambers, put on a fine performance in front of the wickets, hitting 25 impressive runs before Jesson caught him out. Many spectators thought that Naramata had now had its little

# Penticton Herald Sports

"GEE, WE ACTUALLY WON!" seems to be the thought running through the heads of the champion Little League Rotary team, pictured above, judging by the awed looks on their faces, as Billy Benoit, representing the team, receives the Oscar-Matson trophy, from Penticton's Mayor. The presentation took place in front of a large Peach Festival crowd last Saturday, minutes after the Rotary boys had eliminated Lions from further contention by winning the league play-offs in straight games. Frank Miggins, league president, and Jim McGuire, popular Rotary manager, look on proudly from behind as Penticton's first Little League champions receive the coveted trophy.

## Rotary Battles To First City Little League Title

## Local Tennis Girls Win Annesley Cup, Warm Up For Valley Tourney

Miss Mickey Bell, Penticton, and Miss Frances Darling, Naramata, successfully defended their Okanagan women's doubles tennis title last Saturday and Sunday at the Skaha Lake courts, winning the Annesley Cup for the second time in as many years over a small but select group of valley tennis teams.

The annual ladies' event at the local tennis club saw Miss Bell and Mrs. Darling win out over six other doubles teams, three of which were from valley points. This year's competition was virtually a carbon copy of last year's, as runners-up to the eventual victors were also the second best in 1953, Miss T. Van Ackerson, Kelowna, and Miss N. Horner, Osoyoos.

The Annesley cup tournament decisions are arrived at some what differently to the usual method of deciding winners and losers. All teams play two sets against every other team, and

the winner is the couple having lost the lowest aggregate number of sets. The tourney is therefore not a knock-out event. The winners last weekend lost only two sets out of the 12 they played.

Vernon Tennis club's famous Kalamalka Lake setting will echo to the sounds of the Okanagan valley championships, come Labor Day weekend. The looked-forward to tourney, considered by many to be the top valley tennis event of the year, is attracting great interest and should have a good representation of Penticton racketeers this year. "The valley championship has something for everybody," said a local member recently. "It is a men's and women's tourney, singles, doubles and mixed doubles all being on the agenda. Everybody gets a chance to play in the variety of events, and a terrific time is had by all at the beautiful tennis club by the lovely blue Kalamalka water."

## Win Two Straight Over Lions Team In Play-Offs

Penticton's first Little League season has come to an end. The last hit has been collected, the last pitch has been tossed and the last little batter has been called out. The boys on the Rotary team are the proud winners of the league title, the first Little League cup ever to be competed for in the city. Going down roaring was the Lions team.

Mayor Oscar Matson was on hand last Saturday to present the cup to the thrilled Rotarians, which he had personally donated, bending forward as he handed the coveted symbol of Little League supremacy to Billy Benoit, third baseman of the team. Young Billy was completely surrounded by an excited crowd of team-mates seconds after his

(Continued on Page 5)

Kamloops Okonots have ended the Penticton Athletics' four-year reign in the Okanagan-Mainline baseball league. The faint possibility of their being tied by the A's for the coveted pennant was eliminated with Oliver's great 2-1 victory over the hosting Penticton team last Sunday.

Two towering home runs off the bats of Oliver's Coy and Fritz, and a great scoring threat by the Athletics that failed to materialize... these were the deciding factors featuring the last regular OMBL game to be seen at King's Park this season, and settled the pennant issue once and for all.

The "left-on-bases" figures tell the true story of the weekend tilt. Penticton collected five hits to Oliver's four, and both teams played pretty well flawless ball, but the Penticton gang stranded a total of nine men, while Oliver was much more economical in leaving only three on base.

As usual in these Oliver-Penticton affairs, tight, intelligent, tense play was the rule. In the opinion of several spectators and officials, the spine-tingling fielding and pitching made for "one of the most exciting season-ending regular league games seen around here in a long time."

Don Coy's four-bagger was pounded off the third ball tossed by the A's Larry Jordan, starting the small, poor-weather crowd which had barely enough time to get comfortable under blankets before the stocky centre-fielder poled his mighty homer into the poplars behind the left-field fence.

Fritz's fifth inning smash was an almost identical hit, a very high, long ball into the bordering trees to left field, and it put the visitors ahead two-nothing.

The A's single tally came in the sixth, after two were out. Posnikoff and Moore walked. Bill "the Rapper" Rapis hit into a double-play at third and first, with Moore ending up on second. Sam Drossos came up and proceeded to lean into one of Oliver's fast balls, pounding Moore home with a sharp double.

That was all for the scoreboard, but was certainly not all where near-runs were concerned. A perfect scoring opportunity for the locals occurred in the seventh. Clifton got a little wild and Powell and Mori got on via

(Continued on Page 6)

## Local Rider Hurt At Gymkhana Held In Vernon Aug. 19

The tenth annual horsemanship and gymkhana of the Vernon District Riding Club was held last Thursday and, despite threatening clouds, the weather was good and the full-day schedule was completed.

One of the Penticton members, Alfie Fletcher, took a nasty spill in the Point-to-Point race, the last event of the day and, although no bones were broken, he was badly shaken up.

Several local horses were taken to the Vernon show and the results for the Penticton Riding Club entries were as follows:

Bride Path Hack (15.2 hands and over)—1, "Miss Muffet," ridden by A. W. Hyndman; 3, "Flint," ridden by Eric Hyndman.

Handy Hack—2, "Flint," ridden by Eric Hyndman; 3, "Miss Muffet," ridden by A. W. Hyndman.

Relay Bending Team—1, Penticton team, Allan and Eric Hyndman, Alfie Fletcher; 2, Allan and Eric Hyndman riding "Jumper" and "Flint"; 3, Alfie Fletcher on "Query"; Tommy White on "Dusky Duchess" (K.R.C.).

Open Jumping—3, "Jumper," ridden by A. W. Hyndman.

Tent Pegging (Individual)—1, Eric Hyndman on "Jack Rabbit."

Show Championship—"Fargo," owned by Mr. and Mrs. C. S. Latimer of Vernon.

Reserve Championship—"Miss Muffet," owned by Miss R. K. Owen, of Penticton.

Next event on the Penticton Riding Club's agenda is the Okanagan Light Horse Improvement and Show Association, held this year at Kelowna on the Labor Day weekend, September 5 and 6. About 12 local horses are going up to take part in the contest.

Crickets' chirps have surprising carrying power. One cricket barely an inch long sounds a note for almost a mile.

DES  
HADDLETON

I had planned a trip into Bear Lake (Kelowna) on Sunday afternoon but had to cancel it at the last minute due to the weather. I guess most fishermen found themselves in the same position, which leaves your reporter short of news (again).

The news from Bear Lake is good. Trout seem to be taking any large dry fly, or trolled Grizzly King. Best is Spruce Fly or Green Sedge. If things are slow try an orange and black flatfish.

Jens Rasmussen, of Powell Boat Rental at Breakwater on Okanagan Lake, was lucky again, this time taking a seven pound trout. Should be fairly good fishing when rain clears up.

Kapool Lake (off Richer Pass Road) is good. Try dry flies or Grizzly King or Brown Hackle trolled. Don't forget to try Sawmill Lake (Oliver) and Richer Lake as soon as weather clears. Both of these lakes have

plenty of tackle-busters and should be on again any day.

Had a chat with Bill Hendry the other day and it appears they have a sport fit for kings which can be enjoyed to the full for an outlay of approximately fifteen dollars.

Bill, Ron Jensen, John Holmes and Bill Jackson form two-man teams and go underwater spear fishing for carp and coarse fish. It's another world when you are under water with the different types of aquatic and marine life.

Thrown in for good measure is the sport of stalking carp and squawfish up to 15 pounds in weight. If not speared in the right spot one of these lunkers gives the boys a real battle of endurance, with the fisherman trying to come up for air, and the fish doing his best to go down.

Goggles, a snorkel tube, flipper for the feet, and a spear are all the necessary equipment, plus a yen to try something different. For the record, Bill would like to know they bury all their fish to stop odors on the beach at Skaha and Okanagan.

It appears as though someone wasn't so thoughtful, and the boys were getting blamed.

If anybody is interested in taking part or watching, these real sportsmen in the true sense of the word contact any of the above mentioned and they will be glad to assist you.

A big thank you, fellows, from the Fish and Game members, and continued success in killing off the coarse fish.

A point of interest to fishermen, that I received from Bill, is that when you are under water all sounds are magnified, and it's quite easy to hear birds singing, etc. Noises from outboards are terrific. Could be the reason we don't catch too many fish.

Don't forget the meeting of the Penticton Fish and Game Club on Monday, August 30, at Legion Hall. Time, 8 p.m.

First game of the Penticton-Kelowna semi-finals for the Okanagan Mainline baseball league play-off crown starts here Sunday, 2 p.m. at King's Park. This is the first of a best-of-three series, the winner meeting the survivor of the Kamloops-Oliver series in the play-off finals.

## Penticton Gals Win Valley Softball Title; Seek Added Glory At Coast

Penticton Wheelers, the local junior softball team, are now champions of the Okanagan. They eliminated Rutland Roverettes last Thursday at Kelowna by an 8-3 score, winning the best of three series for the valley championship two games to one, and earned themselves the right to represent the interior in the provincial play-offs at the coast.

Wheelers won the first game of the Okanagan play-offs 5-4, in what has been described as the most exciting girls' softball game seen in these parts for a long time. The second meeting saw Roverettes polish off the local gals 9-5, but the Wheelers roared back to take the last and deciding game 8-3.

Dianne Hutchinson was the winning pitcher in the well-played game, as her teammates supported her with some smart, crisp play to neatly handcuff the Rutland girls.

Al Brown, of Associated Trucks dispatch, was so pleased with his Wheelers that he gave them a special trophy after the game.

The coast play-offs will probably be played at some Vancouver Island centre, though no definite word has been received as yet on the location of the series. The games will take place August 28 and 29, and the Wheelers' opposition will be the winner of a Vancouver-Vancouver Island play-off now in progress. Wheelers leave Penticton Friday.

### Little League

(Continued from Page 4)

awed fingers took the trophy. Just as thrilled by it all, judging by his large smile after the Just Lions player had been dismissed, was Rotary team manager Jim McGuire. Kevin Conway, coach of winning team, wasn't at the game, but he had an excellent excuse in that he had been married that afternoon.

It took one postponement because of rain to get started on the struggle for the Little League crown, but when they finally got down to business on Saturday, the large, appreciative P.E.C.H. Festival crowd was treated to a fine brand of baseball at the Queen's Park diamond.

Spectators and officials alike went home confident that great things are in store for Penticton's future Little League baseball, judging by the great first season display just witnessed. Even Doug Kilburn, coach of the losing Lions, could think of nothing more than the success of the season as a whole, just minutes after his proteges had gone down fighting to the Rotarians.

The first game was the best, in the opinion of every body questioned. Lions roared but not quite loud enough as they went down 4-2 in the Saturday afternoon game. Rotary's Donnie Dennis was responsible for the win, hurling four-hit ball while being ably backed up by a well-balanced team.

Oddly enough the Lions' pitcher, fireballer Harley Hatfield, tossed a one-hitter. He also hit the game's lone home-run, poling out a big one over the Little League diamond's right-field fence. But all-round strength paid off for the Rotarians in the long run.

The second game, played Saturday night, which Rotary won 15-6, featured a huge sixth-inning lapse by the Lions' defense which allowed Rotary to push across 11 unbeatable runs. Up to that point the game had been every bit as tense and hard-fought as the afternoon tilt.

It looked like Lions were on their way to tying up the series as they led 6-4 after five complete innings (Little League plays six innings per game as compared to the standard nine). But fate had other ideas.

Again Lions led in the homer department, McCready and Goodman smashing four-baggers for the losers, while the Rotary boys had to be content with seven safeties of the less spectacular variety.

Herb Strain was the winning pitcher in the second meeting between the two rival teams, his strong arm also copping the league title for the thrilled Rotary boys, who gave cracker-jack support in both infield and outfield throughout.

### U.S. Airforce Ball Team May Play Here September 2

A U.S. Airforce baseball team may play an exhibition game against the Athletics a week to-morrow night. According to "Scotty" Gordon, secretary on the Penticton Athletics executive, this star-studded aggregation is being approached on the subject of coming to Penticton after it takes part in the Kamloops Invitational ball tournament.

"This is a really good ball club," warned Scotty. "It's made up of really good players, lots of them, who don't go in for any fooling around when they're out on the diamond."

"They won the Kamloops tourney last year," went on Scotty, "and if they're anywhere near last year's strength should do a regular performance. If we got them to play here the A's should have quite a battle on their hands. If nothing else, the September 2 game should give fans a good lesson in baseball."

To add emphasis to the high standard of ball on the U.S. Airforce team, Mr. Gordon pointed out that they have chalked up victories over Class A teams in the Western International League, the league in which Vancouver participates.

First appearance of the Penticton Vees hockey club in regular league play will take place October 8 at the Penticton arena. Supplying the opposition will be the powerful Kamloops Elks team.

HOPING THAT SOME DAY he might wear the uniform of the Oliver OBC's too, is proud Adolf Knickelburg, in the centre of the three pictured above. Young Adolf, captain of Oliver's champion "Indian" Little Leaguers, is seen receiving the coveted Oliver Little League trophy from the hands of Alec Gough, right, while coach Paul Eisenhut's guiding arm rests around the little ball player's shoulders.

### Two More Vees Inked To '54-'55 Hockey Roster

Now that the baseball season is all but over, hockey is swinging back into the sports spotlight. And the biggest news in Penticton is the re-signing of last year's puck stars Jack McDonald and George McAvoy, bringing the present list of signed players to five on the 1954-55 Vees.

Others signed are Kev Conway, Ivan McLelland, and the playing coach.

In an interview with coach Grant Warwick, it was learned that New Westminster Royals will probably be here Friday, October 1, for an exhibition game against the At-

lan Cup champs. A return match at the coast city the next day is certain.

Plans are being made for the Calgary Stampede, last season's Western League play-off champions, to visit Penticton arena October 4. Following this game would be about a week of practice for the Vees, before the first regular league game against Kamloops here October 8.

Penticton Golf Club's forthcoming junior golf tournament, due to start this Sunday, is open to all junior members of the club, including boys and girls. Junior golfers who are not members but who intend joining the club are also eligible to play. Junior age is 18, as of August 14, 1954. All local golfers under that age are invited to take part. Tee-off time is 8:30 a.m.

Search Goes On For Bodies Of Crash Victims

KELOWNA—RCAP are continuing to search for the bodies of F/O Ron Holland, Kelowna, and F/O Bert Luck, Penticton, killed a week ago when a CF Jet 100 crashed into a lake near North Bay, Ontario.

Funeral arrangements will be completed after the airman's bodies have been recovered.

Story Of Oliver Woman To Be Heard Over CBC

Story about Mrs. Charles Beldam, Park Ranch, Oliver, will be featured on the CBC program "Trans-Canada Matinee" September 12.

Mrs. Beldam is quite well known in the Valley and the broadcast should prove of interest to listeners.

AROUND THEY GO, SMOOTH AS YOU PLEASE. The Appleland Wheelers, of Wenatchee, can do things with a wheelchair that you would not think possible. Above they are shown executing a graceful and difficult waltz step — yes, dancing in wheelchairs — at the Folk Festival Saturday afternoon. Ray Schwickie directed their square dancing and Mrs. Brownie Case gave them the cue for an exhibition of round dancing. Their performance drew special comment from Mayor Oscar Matson and the crowd called for more as they wheeled from the floor.

Hawaiians Remember The Peach Festival

From "the land across the blue Pacific" a message of best wishes came to the Peach Festival Association, last week.

Pol Napua Stevens Porie, one of the group of Hawaiian entertainers who took part in the 1951 festival, cabled the following message to Jack Pettley: "Aloha, success to the Penticton Peach Festival Committee and Queen Val-Vedette VII."

The message, via Honolulu, came from her home on Maui Pl., Kaneohe, Hawaii.

Penticton Man In Aerial Display

Among RCAF personnel who will take part in the aerial jet display over Penticton, Tuesday morning, are the following men from British Columbia:

F/O P. Hawkes, Vancouver, a navigator, Cpl. J. H. Morgan,

NARAMATA—Mrs. Edith Langgudoc has taken up residence in her recently constructed home on the north shore of the Okanagan Lake at Naramata.

Grand Forks, instrumental technician, LAC K. L. Feat, Penticton, technician, LAC N. G. Gutzze, Nanaimo, technician and LAC Warwick, Victoria, AF mechanic.

Violent N. Okanagan Hail Storm Causes Great Damage To Crops; Lightning Starts Several Fires

Cricketers

(Continued from Page 4) allowing 75 runs to be hit by the aggressive batting of the visiting eleven.

After this fine cricker work-out Naramata should be in good shape for their meeting with a visiting Trail eleven, due at Manitou Park September 28. The Trail cricketers will be out to avenge several defeats suffered at the hands of Naramata in recent years.

VERNON — Between 220 and 250 acres of apples and prunes were seriously damaged in the Kalamalka Lake-Coldstream area on August 15 by a hail storm which disappeared as quickly as it came. It persisted for about 15 minutes.

BCFGA executive member John Kosty said the storm appeared to come over the military range, swing northeast into the lake end of the Coldstream valley, then head over to the BX district and disappear in the Swan Lake area. "Very light" damage was suffered by BX growers.

Mr. Kosty said that so severe had been the hail in Coldstream, that large quantities of ice were still on the ground in the orchards as late as nine o'clock Monday morning.

The storm was accompanied by heavy thunder and a severe electrical storm.

In Vernon, the home of Mr. and Mrs. H. J. McPhee, on 16th Avenue and 33rd Street, was struck by lightning. The attic was set on fire and various installations were damaged.

The fire department answered a call for help but found the flames had already been extinguished when they arrived.

In the Commonage, grass was fired by lightning near the Sam Hamilton farm, but was controlled before it reached crops.

In Lumby, lightning started two fires at the height of the storm.

Struck was a hay barn on the farm of Peter and Charlie LeBlanc, about 8 p.m., and the barn was burned to the ground. Neighbors, forest rangers and firemen in the district managed to save a large barn and another hay shed.

Within half an hour, the volunteers had the fires under control but they worked until 11:30 to extinguish the flames.

Lightning struck a radio aerial at the home of J. Kopikyn. The charge hit the combination radio with such force that it blew out all the windows. In the house, wiring was damaged and phone connections were wrecked.

The charge finally blew out a switch box causing a fire which was extinguished with the help of John and Reni Bourcet.

Approximately \$200 damage was caused.

The storm broke in Enderby about 9:30 p.m., with heavy flashes of lightning, then torrential rains. All power in Enderby homes was off until about 2 a.m.

According to the local forestry department there were no reported strikes of lightning in the Enderby-Armstrong vicinity. Forestry operators were relieved somewhat with the heavy downpour of rain which accompanied the storm, as it lessened considerably the danger of forest fires.

Elsewhere in the district, many fields of grain crops were flattened by the weight of the rain. Late hay making operations in the Okanagan Landing area were brought to a halt.

In Vernon itself, many basements were flooded. Some streets were carrying as much as 10 inches of water, as storm drains proved inadequate to deal immediately with the downpour.

City Engineer P. G. Watt announced on Monday that he was satisfied with the performance of the drains. He said it was economically unsound to make provision for unusually heavy storms such as Sunday night's.

Kiwanian David Leith Special Guest Here

Among the many guests attending the Tuesday noon luncheon of the Kiwanis club in the Hotel Prince Charles was David Leith, Vancouver. Mr. Leith was president of the Vancouver downtown club some nine years ago and headed a party of 69 Kiwanians who came here from the coast to establish the Penticton club.

A special word of welcome was recorded Mr. Leith by Kiwanian Jack Young.

FRANK McDONALD

Mr. McDonald has assumed his new position as manager of Keremeos Co-operative Growers. He is well known for his community efforts in Penticton and was manager of Penticton Co-operative Growers for 12 years.

Oliver Nips

(Continued from Page 4) walks. Coach Snyder decided that his magic touch was needed and replaced Clifton on the mound.

Jordan sacrificed successfully, Powell and Mori advancing, but Burgart popped to the infield for the second out. Then Snyder walked Posnikoff to load the bases, and the stage was set for something dramatic as starry hitter Moore came to the plate. But the glue-fingered first-baseman popped up to the catcher, to retire the side and end at least a two-run threat, while the local fans groaned audibly.

While the A's top hitter, Elmer Mori, was going hitless for the evening, Sam Drossos topped local batters with his two-for-four clip. Centre fielder Posnikoff also had a .500 average, getting one hit in two official at-bats. Moore and Jones each went one-for-three.

For the visitors, home-run totting Fritz had the loudest bat, slugging out a single and his four-bagger in three official trips. Coy and Clifton were the only other OBC's who connected for safeties, each banging out one single in four trips.

### New Highway From Kelowna To U.S. Will Link Carmi With Okanagan

KELOWNA — Possibility of a new arterial highway from the Central Okanagan to the "Inland Empire" of the United States was visualized here today with the announcement of the completion of an all-winter road from Kelowna to Carmi.

Official opening of the new road will take place on September 15, and in view of the fact Premier W. A. C. Bennett will be in the city at that time, it is possible he may take part in the ceremony. Kelowna City Council and Rutland and local boards of trade will also take part in the opening.

Completion of the road marks the culmination of years of agitation on the part of Carmi and McCulloch residents, who have been virtually isolated during the winter months.

The new all-winter route would open up the Beaverdell, Carmi, McCulloch, Rock Creek areas.

In bygone years, travellers in the Carmi area, have had to travel via Rock Creek, Osoyoos and Penticton to get up through the Central Okanagan. The new road will also bolster city trade, insofar as Carmi residents are concerned. Carmi is a station on the Kettle Valley Railway about 35 miles southeast of Kelowna, almost isolated in the winter except by railroad.

Due to heavy snow it has been impossible to keep the McCulloch road open during winter months.

According to Tom Hughes, district engineer, the Kelowna to McCulloch via the old road which included a narrow route with switchbacks was 27 miles. The new road which has nothing over a six percent grade, would be 31 miles to McCulloch.

While the old McCulloch Road was costly to maintain, and almost impossible to keep open in the winter, the new route is of southern exposure and has ten miles of easy grades. The 24-foot width road will be an all-winter route.

Hughes said he hopes that next year the department will be able to extend the new road through Cookson Flats to get away from Rimrock Hill. With year-round access to Carmi and Beaverdell, there is a possibility the road would become a future highway to the Kootenays and Spokane.

Work on the Kelowna-Carmi road has been going on since last May, most of the construction being done by crews of the local district engineer's office.

Travellers to Spokane would go via Carmi, Greenwood, Grand Forks, and enter the U.S. at Cascade. It would cut off about 20 miles to Spokane rather than going via Highway 97 to the border and cutting across at Grand Coulee dam.

**HAROLD WATTS**

Against stiff competition from a last minute competitor, Harold Watts flew off with top honors in the model airplane meet in conjunction with the Peach Festival. The meet, held Saturday afternoon in the Little League park, saw many handsome models take some bad crackups but Harold's craft came through the trials with only minor mishaps. Bob Rothenberger, a late comer who flew a beautiful 52 inch model, was doing every aerobically stunt in the book — loop, loop, flying upside down, power dives — when his plane went out of control and crashed possibly costing him high points.

### Hotel Complains Of Cafe Noises

Complaining in a letter to City Council that early morning noises emanating from the Penticton Cafe were disturbing his guests, C. Freyer of the Sunora Hotel on Main street asked council to order the cafe closed at midnight.

Alderman H. G. Garrioch said he understood that the cause of the trouble was a thin partition between the two establishments. "It was also pointed out that council had no jurisdiction in the matter and a motion to this effect was approved."

Shaves and haircuts of the average male consume 3400 hours— 127 working days out of his lifetime.

### As Much As 15% of The Power Your Engine Could Develop Is Being Held Captive

**TCP, now blended into both Shell Gasolines,  
releases this power—  
by neutralizing lead and carbon deposits**

Lead and carbon deposits which are responsible for the greatest power loss in today's cars, can now be neutralized by the newly discovered additive TCP.

How these deposits steal power.

These deposits build up in combustion chambers and glow red-hot when you step on the accelerator to pass a car or make a hill. These "hot spots" set off the faulty charge before the piston is ready for its power stroke. This is called pre-ignition: power works against you instead of for you.

Lead and carbon deposits also accumulate on the tips of spark plugs and prevent the spark from doing its job. The deposits actually divert electricity from the electrodes and keep the plug from firing. This is called misfiring. It results in wasted fuel and power.

The greatest Gasoline development in 31 years.

That's the way power is held captive in your car, but now this captive power can be unlocked by Shell Gasolines with TCP.

TCP additive changes the character of the deposits. Instead of glowing red-hot in combustion chambers, the deposits are fireproofed and become harmless. Pre-ignition is prevented, and power works for you. Moreover, the deposits can no longer divert electricity away from the electrodes. The spark goes back to work—turning fuel into power! With continued use of Shell Gasolines with TCP, you get up to 2 1/2 times longer spark plug life.

A tune-up without tools. In a nutshell, TCP additive lets your engine have all the knock-suppressing benefits of modern fuel without its power wasting side effects. That's why you'll feel your engine's had a tune-up by the time the second tankful is consumed.

Because today's gasolines are always building up deposits, the only way to keep these deposits harmless—to always get full performance from your engine—is to use Shell or Shell Premium with TCP. You'll find both now at all Shell Dealers—the only place they're available.

## Dear Drivers:

Today my daughter who is seven years old started back to school; she wore a dark blue dress with a white collar. Her cocker puppy "Trixie" whined his canine belief in the folly of education as she waved good-bye.

Tonight we talked about school... she told me about the girl who sits in front of her... and the boy across the aisle who makes funny faces... and the trees in the school yard... we talked about a lot of things, vital unimportant things, and then we studied our lessons and then off to bed. She's back there now... back in the nursery... sound asleep, with "Princess Elizabeth" (that's her doll) cuddled in her right arm.

You guys wouldn't hurt her, would you?

You see... I'm her daddy... when her doll is broken or her finger is cut or her head gets bumped, I can fix it... but when she starts across the street to school... then she's in your hands.

I can't be with her all the time... I have to work, to pay for her clothes and her education.

So please help me look out for her... Please drive slowly past the school and intersections... and please remember that children run from behind parked cars.

**PLEASE DON'T RUN OVER MY LITTLE GIRL.**

Signed:

*Every Daddy*

PUBLISHED BY COURTESY OF

**WARMING HER UP.** Gerry Perry (left) flicks over the propeller of his tiny gas powered model airplane as he prepares for takeoff in the model flight trials at the Peach Festival Saturday afternoon. Assisting him (centre foreground) is another model enthusiast, Barry Abbott, and the other fellows crowd around for that tense moment when a fraction of a horsepower kicks into life and the product of many hours' work skitters along the ground and into the air. Just getting airborne proved a big task for many entries but a good crowd saw some fancy flying during the afternoon.

## Industrial And Agricultural Exhibition Winners Announced

Greatly improved and enlarged over last year, all branches of the Rotary Industrial and Agricultural Exhibition, held in conjunction with the Peach Festival, drew admiring comments from the thousands who passed through the arena on Thursday, Friday and Saturday.

The show gave the districts' hobbyists, gardeners and farmers an opportunity to display their products and their talents, and the results of their hard work were well worth seeing.

The tough job of judging the large number of entries in a wide variety of classes and divisions fell to Mr. A. Watt (fruit and vegetables), Mr. J. Churchill (hobby show), Mr. J. English and Mr. McLachlan (poultry), and Mr. J. Millmore (cattle).

Following is the list of prize-winners:

### SECTION A — FRUIT

Class 1, apples, any named variety: 1, F. W. Hack, (Olive, B.C.)

Class 2, pears, Bartlett: 1, S. Hauser; 2, A. L. Smith.

Class 4, pears, any other named variety: 1, S. Hauser.

Class 8, pears, any named variety: 1, F. W. Hack, (Olive, B.C.)

Class 9, peaches, Vedette, Valiant or Veteran: 1, F. W. Hack, (Olive, B.C.); 2, S. Stelzer; 3, R. Warr.

Class 10, peaches, any other named variety: 1, S. Hauser; 2, F. W. Hack.

Class 12, peaches, boxed, any other named variety: 1, F. W. Hack.

Class 10A: 1, S. Hauser; 2, S. Stelzer; 3, R. Warr.

### SECTION B — VEGETABLES

Class 1, beans, pole: 1, Mrs. E. Barrett; 2, S. Hauser.

Class 2, beans, kidney, green: 1, Mrs. E. Barrett.

Class 3, beans, kidney, wax: 1, Mrs. E. Barrett; 2, Mrs. L. W. Verigin.

Class 4, cabbages, table: 1, Mrs. E. Campbell; 2, S. Hauser.

Class 5, carrots: 1, F. W. Hack; 2, Mrs. E. Campbell.

Class 6, cabbages, early, pointed or flat: 1, F. W. Hack; 2, Mr. Gough.

Class 7, cabbages, late, flat or round: 1, F. W. Hack.

Class 8, cauliflower: 1, F. W. Hack.

Class 9, corn, sweet: 1, F. W. Hack; 2, Mr. A. F. R. Fuller.

Class 10, cucumber, garden: 1, F. W. Hack.

Class 11, cucumbers, pickling: 1, F. W. Hack.

Class 12, celery: 1, F. W. Hack.

Class 13, onions, yellow: 1, F. W. Hack; 2, Mrs. A. A. Swift.

Class 14, onions, Spanish type: 1, F. W. Hack; 2, S. Hauser.

Class 15, onions, pickling, one quart: 1, F. W. Hack; 2, Mr. Gough.

Class 16, peppers, green: 1, F. W. Hack; 2, A. J. R. Fuller.

Class 19, potatoes, early white: 1, F. W. Hack; 2, A. Johnson.

Class 20, potatoes, early red: 1, F. W. Hack.

Class 21, tomatoes, ripe: 1, F. W. Hack.

Class 22, tomatoes, green: 1, F. W. Hack; 2, L. W. Verigin.

Class 23, vegetable marrow: 1, F. W. Hack; 2, A. J. R. Fuller.

Class 26, collection of vegetables: 1, F. W. Hack.

### SECTION F — CATTLE

Class 1, Bull, any breed under one year: 1, Freddy Gardiner.

Class 4, Cow, junior yearling: 1, Jack Hugo.

Class 5, Cow, senior yearling: 1, Jack Hugo.

Class 10, produce of dam, two animals any age, produce of one cow not to be owned by one exhibitor: 1, Jack Hugo.

Special Prize: Donated by Buckenfield's Ltd., Vancouver, B.C., two sacks Cow or Calf Meal for the exhibitor with the most points in the cattle sections: Won by Jack Hugo.

### SECTION G — SHEEP, SWINE AND RABBITS

Class 3, Lamb ram: 1, Kae Taylor.

Class 5, Flock, consisting of one male and three females: 1, Jack Hugo.

Class 11, best buck, any age: 1, Marilyn Conway; 2, Albert Grow-bowsky; 3, Lloyd Weeks.

Class 12, best doe, any age: 1, Harvey Gardiner; 2, Lloyd Weeks.

### SECTION H — POULTRY

Class 13, Pons: 1, Jack Hugo; 2, Jack Hugo.

Class 18, Light Sussex: 1, Diane Taylor.

Class 21, Bantam: 1, Harvey Gardiner.

Class 27: 1, Jack Hugo.

### SECTION I — HOBBIES

Class 1, Woodturning, any article: 1, A. L. Smith.

Class 2, Woodcarving, any article: 1, H. W. Bazley, (O.K. Falls).

Class 3, Hammered copper, any article: 1, Mrs. J. V. Pugsley; 2, Myrtle McLean, (O.K. Falls).

Class 6, any article made from local wood: 1, A. L. Smith; 2, H. W. Bazley, (O.K. Falls).

Class 6A: 1, Anne Close; 2, Mrs. H. Smith.

Class 9, Lawn ornament: 1, Mr. A. Howlett.

Class 17, Model aeroplane: 1, J. McConachie; 2, Bob Montague.

Class 19, Article made of wood: 1, Bob Martin.

Class 20, A special prize for any unique collection: 1, Hiroso Fujita.

Class 64-24: 1, Mr. Guy Brock; 2, Mr. H. W. Bazley, (O.K. Falls).

Class 65-225: 1, Mr. Guy Brock.

Class 66-26: 1, A. L. Smith; 2, Guy Brock.

### SECTION J — "FUTURE FARMERS OF CANADA" CLUB — SHEEP

Class 1, Grade lambs: 1, Ken Vane; 2, Wayne Little.

### POULTRY

Class 2, Cockerel, any breed: 1, Harry Shaw; 2, Bliss Thompson.

Class 3, Pullet, any breed: 1,

### Forestry Department Thanked For Picnic Spots On Highway

SUMMERLAND—At the suggestion of Mrs. J. C. Clarke, Keremeos, to the South Okanagan Health Unit meeting in West Summerland on Wednesday, a letter of appreciation will be written to the department of forestry to thank them for the work being done on the points along the new highway between Penticton and Summerland, which have been landscaped, and planted with grass and trees.

Such a suggestion was given some time ago to this department by the health unit, and delightful picnic spots will be ready for use along the lakeshore by next year, it is expected.

### D. L. Jones Becomes Kiwanis Club Member

The Kiwanis club welcomed a new member to their ranks at the regular Tuesday noon luncheon. Dennis L. Jones was introduced to the service club group by Kiwanian Tim Odell.

Mr. Jones is the valley representative of P. and F. Henderson Co., wholesale footwear, and has lived in Penticton since 1950.

**BACK to SCHOOL**  
by Canadian Pacific

Make your young folks' return to school real fun.

- They can travel in roomy, air-conditioned coaches with big picture windows...
- ride relaxed in Sleepy Hollow chairs. Fares are surprisingly low and schedules convenient for school openings.

## MARITAL TROUBLES

A few visits to police court would, I believe, provide an insight for some of our more "hide-bound" citizens into the vagaries of human nature. A case the other day proves the point, when a woman answered the roll call to face a charge of assault laid by her husband. Here's how they weighed in: wife, 29, four feet 11 inches, 110 pounds, blue-eyed brunette, pretty. Hubby, 51, five feet 7 inches, 170 pounds, husky, wearing extremely thick glasses, (he should have taken them off because they were broken in the general melee). Site of the fracas was a home on Hastings street or avenue. "What's the difference between a street and avenue?" asked the magistrate. "One runs one way and the other the other way," answered the corporal, with a touch of Irish humor.

Now comes the tale of woe — Hubby's story: "I buy my groceries and do my own cooking and washing so does she, but she duplicates my shopping. I came home and was squatting down looking for some food, she was standing by the sink. An argument broke out and she grabbed an instrument (not a rolling pin, it turned out to be a pancake turner) inflicting several cuts on my face and head and breaking my glasses. I grabbed her arm, but it was the wrong one — and she continued hitting me. I am shortsighted and couldn't see a thing with my glasses broken. 'You couldn't have been very shortsighted when you married this lovely girl,' her lawyer interjected. Wife's story: "I had to work to help support the family and when I came home he accused me of chasing around. He grabbed my arm and threatened to break it so I picked up the pancake turner and started to hit him. At night, when I finished work, the door would be locked and I would crawl through the window to get into the house. Then came the decision: 'There is no doubt in my mind that an assault has taken place,' declared the magistrate. 'I want to suggest that you two try a new system. See that the wife gets a weekly allowance. You know, it's a pretty dull life for most housewives. \$5 fine, and \$3.50 costs.' Then a little squabble broke out right in court — 'Will you do my washing?' asked the husband. 'I'll do your washing if you ask me to,' replied the wife. Last I saw of the couple was in the police office — she was being fingerprinted, he had paid her fine — and was waiting to take her home to Hastings street, pardon me, I mean avenue. Still to come: the lawyer's fee.

**FESTIVAL "SPIRITS"**  
A father and son team from the local reservation got themselves into the festival mood, Friday night. They were picked up at Power and Bassett, under the influence and letting out war whoops. \$10 and costs were the fine in each case with a week to pay. "You won't forget to pay," stated the magistrate. "Oh no," answered the father, "I never tell a lie. We sell cow, then come pay you." "Fine," answered the magistrate, "now, you boys go back to the reservation and keep away from the festival grounds."

**ABOUT PHOTOGRAPHY**  
Now Stocks photo studio, spanking smart, and a fine addition to our community, is just about ready for opening at the time of this writing. Jack Stocks fits us a little story of the days "way back when" — there were few modern conveniences in those days — as an example, a dark room was unheard of and photographers used to do their developing under cover of darkness. Running water from a tap was also non-existent and the corner horse trough was used.

**THIS ONE'S ON ME**  
Observations in a local cocktail lounge — two young wolves in men's clothing giving the glad eye to two pretty young things seated nearby. At the next table were two not-so-young ladies. "Send the ladies over there a drink," the men whispered to the waiter. That he did, only he de-

SHOWN ABOVE ARE RCAF PLANES which will take part in a Jet Aerial Display over Penticton next Tuesday morning. Included in the show will be three CF-100's, three Sabre Jets and three Silver Stars, representing the first line of jet aircraft in the world today.

livered the "got-acquainted-bait" to the matronly couple. "Wasn't that nice of those young fellows to buy us a drink?" one of them good and gushed to the other. Also seen — a customer tipping the waiter two pennies.

**FUNNY FLOWER**  
Mrs. Al Parkin was in the other day proudly displaying her horticultural efforts, on their new West Bench home, in the nature of a carnation. Growing from the same stem were two pretty blooms, one cerise, the other variegated. Pretty, but odd.

More about old coins — Mrs. Richard Ashe, of Kaleden, brought a coin to the office bearing the date 1855. A French piece, it had a picture of Napoleon III on one side with lettering, "Empire Français." On the reverse side was a picture of a man named "Barro" and the coin's value, "Six centimes." Mr. Ashe was given the coin in England while he was with the RCAF. Mrs. Ashe also has a coin handed down by her dad — an American penny dated 1858.

This week's thought: Any person who will go see a psychiatrist should have his head examined.

Summerland Schools  
Lighting Praised

SUMMERLAND — Summerland schools received commendation at the meeting of the South Okanagan Health Unit held at West Summerland on Wednesday when Dr. D. A. Clarke reported that in a survey of schools from Oyma to Summerland the only two meeting required lighting standards were the MacDonald elementary and the junior-senior high in Summerland. As well as this, these two schools were the only ones in the same area having playground space as set by the department of education.

**AMONG THE MANY** thousands who took a keen interest in the vast variety of sewing entries of the Peach Festival Industrial Exhibition was Mrs. W. E. Beard, Penticton, shown above with her husband. Also with Mr. and Mrs. Beard was Mr. Beard's mother, Mrs. Margaret Beard, an oldtimer of this city who recalled the days of 1906.

## Handicraft Sent To PNE By W. I.

A wide and varied selection of attractive handicraft is included in the 16 entries made by the Penticton Women's Institute in the W. I. section of the Home Arts show at the Pacific National Exhibition which got underway in Vancouver today and will continue until September 6.

Mrs. Harry Edwards assisted by Mrs. Guy Brock and Mrs. A. M. MacLachlan, members of the local W. I., are in charge of this project and were responsible for the recording and the careful packing of the many lovely entries sent from here recently.

One of the larger articles sent to the coast exhibition was the beautiful patchwork quilt made under the supervision of Mrs. James Meldrum and designed by Mrs. V. B. Robinson. Other entries were a women's dress and apron in the plain sewing class; a girl's dress with smocking; 2

large size crocheted table cloths; crocheted doilies and articles of tatting and others trimmed with the same lovely needlework.

Knitted entries included a baby set, an adult's sweater in fine wool and one in heavy wool; a boy's suit and 4 pairs of socks.

A hooked rug in wool and hand-made stuffed animal toys completed the list of lovely articles sent to the PNE.

Lowest continental point on earth in Dead Sea of biblical territory is 1,286 feet below sea level.

## Tour Abroad For Coast Couple Of Interest Here

A hiking tour in England and Europe is proving a delightful as well as an educational experience for a young Canadian couple from Vancouver, Mr. and Mrs. Robert Townrow, the latter the former Miss Elaine Norgren, daughter of Mr. and Mrs. Swen Norgren, of this city.

The former Pentictonite and her husband left B.C. last March to travel by bus to New York from where they embarked on the Franconia for Britain. After spending two months in London where they were both employed, the young Canadians went to the continent taking their bicycles with them.

It was shortly after arriving in Belgium that their mode of travel was changed. Originally planning to cycle throughout their itinerary, it was found by this time that owing to the generosity of the people in providing them with transportation they had no need for their bicycles. They sold them and since that time have been given motor car rides to practically every center they had planned to visit.

After touring in Belgium, Holland and Denmark the young couple went to Sweden where they spent a month visiting with relatives of Mr. Norgren. It was while they were in Uppsala, the university city near Stockholm, that a family gathering was held, being the first time in 38 years that a Canadian member of the family had been present.

Going on to spend sometime in Norway they were fortunate in being among the first to be guests at "Harald's Home", a newly opened hostel in Oslo. While there they were given a very warm welcome and were photographed as two of the first 100 guests to be in residence at the time of the official opening of the center.

The last letter received in Penticton by Mr. and Mrs. Norgren was sent by the young tourists from Italy describing their visit in Switzerland after spending some time in various centres in Germany. Prior to returning home late this year or early in the new year, Mr. and Mrs. Townrow are planning to visit Spain, France and again in England.

**DRIPLESS SINK STRAINER** Now on the market is a new kind of dripless sink strainer which drains liquid into a catch-all double bottom, to prevent splattering the floor when the strainer is emptied. Made of flexible polythene, it is almost unbreakable and cleans readily in warm suds.

It costs four times as much to build a house in Canada as it does in Germany.

**"U-M-M-M, DOESN'T THAT LOOK GOOD!"** Women's work was a big drawing card of this year's Agricultural Exhibition as witnessed by the thousands that lingered on the upper promenade of the arena to view the entries. With a professional eye Mrs. C. M. Finnis (left) and Mrs. R. L. Smith, both of Penticton, scan the delicious display of canned fruit and vegetables, checking the prize winners in this popular section home craft work.

## Summerland Church Setting For Wright-Mott Nuptials

**SUMMERLAND**—A lovely summer wedding took place in the Free Methodist Church, West Summerland, on Saturday, August 14, at 8:30 p.m., when Marjorie Victoria, daughter of Mr. and Mrs. J. S. Mott, was united in marriage with William John Wright, son of Mr. and Mrs. John A. Wright, New Westminster.

The ceremony was performed by Rev. Joseph H. James, and for the occasion the church was beautifully decorated with gladioli and dahlias arranged in baskets.

Given in marriage by her father, the bride was gowned in white marquisette and lace over satin with fingertip veil and floral headpiece. She carried a bouquet of Baby Royal dahlias from her father's garden, interspersed with pale yellow antirrhinum, touches of larkspur, and fern.

As maid of honor for her sister, Miss Laura Mott was charming in pink net over taffeta and carried mauve gladioli. Bridesmatron was the groom's sister, Mrs. Melvin Barber, of New Westminster, was in blue nylon marquisette over taffeta. Her flowers were pink gladioli.

Little Joyce Anne Holden, of Vancouver, niece of the bride, was a dainty flower girl in blue and white, wearing a tulle-trimmed dress and carrying a basket of pastel shaded sweet peas in her bouquet.

Preston Mott, the bride's brother, was the best man, and ushers were Melvin Barber, New Westminster, and John G. Graham, West Summerland.

David Woodbridge, of Vancouver, was the pianist and Mrs. W. W. Davis, Trout Creek, soloist. A reception was held on the lawn at the home of Mr. and Mrs. S. A. MacDonald, Hospital Hill, when Rev. Leslie Whitehead, of the Free Methodist Church, Vancouver, proposed a toast to the bride with the groom responding.

For travelling the bride wore a blue suit with pink accessories. The couple will reside at Queen Charlotte City.

The bride is a graduate of Vancouver Normal School and has been on the teaching staff at Ladner.

Out-of-town guests included the groom's parents, Mr. and Mrs. J. A. Wright, and brother-in-law and sister, Mr. and Mrs. Melvin Barber, Mr. and Mrs. B. R. Barnes, Lyle and Lorne, Mr. and Mrs. D. Sulkow, Miss Ellen Reid, New Westminster; the bride's sister, Mrs. Cecil Holden, Dr. and Mrs. Clifton Stark, Rev. and Mrs. Leslie Whitehead, Mr. and Mrs.

## BOAC Engineering Departmental Head Visiting In Valley

**SUMMERLAND**—Don Munro, of New York City, who is head of engineering for the Atlantic division of the BOAC has been visiting at the home of his parents, Mr. and Mrs. Findlay Munro, in Penticton, and with relatives and friends in Summerland. Mr. Munro had been at Boeing Aircraft, Seattle, to purchase parts for the changeover of Stratocruisers bought by the BOAC from Quadra Airways.

He has a gift subscription to the Penticton Herald and reads it with considerable interest. He particularly enjoyed following the victorious Vees, and had seen Grant Warwick play previously in New York and Montreal.

About two decades ago he was a Summerland hockey player and was known as Box Car.

His wife, the former Sue Foley, of Penticton and Vancouver, did not accompany him as he was on a business trip, but is planning a vacation in Austria this fall.

"Polished" cottons should be laundered in warm soapsuds and rinses to protect their high-sheen. Iron them on the right side for added lustre.

S. Thompson, Mr. and Mrs. D. Woodbridge, Miss Ruth Daynard, Bert Toomey, Vancouver; Mrs. L. Burgoyne, Kamloops; Rev. and Mrs. Howell, Oliver; Mr. and Mrs. S. Hunt, Victoria; Rev. and Mrs. W. Angell, Mr. and Mrs. Fred Lindahl and family, Mr. and Mrs. John Lindahl, Kelowna; Miss Marilyn McFayden, Mr. and Mrs. Walter George, Ejan and Ruth, Mr. and Mrs. A. E. Hickson, Phyllis and Doreen, Mr. and Mrs. J. C. Wilson, H. Boothe, W. Wakefield, H. H. Childerhose, Penticton.

**The RITZ** 1640 WEST GEORGIA ST. A COMPLETE CHOICE OF WAIVER AND FULLY SERVICED APARTMENTS AND HOTEL ROOMS AT MODERATE RATES. John H. Crane, Manager. VANCOUVER B.C.

## Date-Orange Pudding

Combine in a greased casserole (6-cup size) 1/4 c. corn syrup, 1 tbs. grated lemon rind and 1/2 c. orange juice. Preheat oven to 375° (moderately hot). Mix and sift once, then sift into a bowl, 1 1/2 c. once-sifted pastry flour (or 1 1/4 c. once-sifted all-purpose flour), 2 1/2 tbs. Magic Baking Powder, 1/2 tsp. salt and 1/4 c. fine granulated sugar. Mix in 1/2 c. corn flakes, slightly crushed, and 1/2 c. cut-up pitted dates. Combine 1 well-beaten egg, 1/2 c. milk, 1/2 tsp. vanilla and 3 tbs. shortening, melted. Make a well in dry ingredients and add liquids; mix lightly. Turn into prepared dish. Bake in preheated oven, about 40 minutes. Serve warm, with pouring cream. Yield—6 servings.

Always Dependable

## The Recipe Corner

### PEACH CREAM DELIGHT

(Makes 6 servings).

1/3 cup sugar  
1/3 cup flour  
1/4 teaspoon salt  
1/4 cup cold milk  
1 1/4 cups scalded milk  
2 egg yolks  
1 teaspoon butter  
1 teaspoon vanilla  
2 egg whites  
3 tablespoons sugar  
6 peach halves, fresh or canned  
Mix sugar, flour and salt. Combine thoroughly with cold milk. Stir in scalded milk and cook in top of double boiler, stirring constantly, until thickened. Continue cooking for 10 minutes. Beat egg yolks, combine with a little of the hot mixture and add to mixture in double boiler. Cook 3 minutes. Remove from heat and add butter and vanilla. Make a meringue of the egg whites and the 3 tablespoons sugar and fold into cream mixture. Pour into six sherbert glasses. Before serving, place a peach half on top of each dessert and top with whipped cream.

## WMS Leaders' School At LTS In Naramata

Representatives from nearly every part of the province were in attendance at the WMS school for leaders held from August 1 to 5 at the Naramata Christian Leadership Training School. Many church women from Penticton were among those attending the interesting course.

Highlights of the session which had "India" as its theme were addresses by two church women who had spent many years in that country: Mrs. H. Dobson, who plans to return to India to resume her missionary work, and Mrs. Hugh Erwin, who with her husband, pastor of the United Church at Enderby, plans to remain in Canada.

Much helpful information was presented by many at the conference and Rev. Roy Stobie, of Edmonton, conducted several Bible study classes.

At the close of the successful leaders' school, Rev. R. A. McLaren, principal of the LTS, conducted a communion service.

## EXPRESSION IMPORTANT

According to beauty experts Powers, the most important thing a woman wears is the expression on her face. He said that a good model must have more than just a pretty face, she must have something vital and appealing behind that face.

Chipped and cracked dishes cannot be properly cleansed and may harbor disease germs. When baby is put outside, its eyes should be protected from the danger of direct sun glare.

# NEW PROOF THAT MILLIONS CAN END THE NEED FOR LAXATIVES

—find relief from constipation this safe, natural way—without the injurious effects of repeated laxative use.

With all the progress of medical science over the past 30 years, authorities say there is no longer any reason why irregularity should be our most widespread human malady.

Nor is there any reason for developing the habitual use of harsh laxatives—of dosing with one preparation after another in the vain hope of finding, in some potion or pill, the "secret" of lasting relief.

Long-continued study of the problem has shown that one of the most common causes of irregularity is lack of bulk in the diet. And when this is the case, the common-sense correction is to be found not in the drug store but in your food store!

**IT HAS LONG BEEN A MEDICALLY RECOGNIZED FACT THAT NATURE HAS PROVIDED, IN THE NATURAL FOODS MEN WERE INTENDED TO EAT, ALL THE ELEMENTS NECESSARY FOR THE LONG AVOIDANCE OF COMMON CONSTIPATION.**

One of these elements is natural fibrous bulk, or vegetable cellulose, which normally and naturally aids the rhythmic process of elimination.

In no natural food is this natural bulk so ideally found as in the outer layers, or bran, of the whole wheat kernel which, as you know, is lost in modern milling.

Because of the known value of bran in promoting regularity the Kellogg Company has produced a complete, whole bran—with nothing taken away to lessen its effectiveness—sold under the name of Kellogg's All-Bran, the natural laxative cereal.

How effective is All-Bran? This has been demonstrated in a series of

systematic clinical studies reported in leading medical journals.

In one study, 135 people with known delayed bowel function were given one ounce of All-Bran daily for one week. They were studied clinically and with X-ray with tests made before, during and after they ate the All-Bran.

**OF THE 135 PEOPLE, 107 SHOWED DEFINITE CLINICAL IMPROVEMENT IN JUST 7 DAYS.**

**IN A FOLLOW-UP STUDY, BETTER THAN 6 OUT OF EVERY 7 PATIENTS WHO WERE GIVEN ALL-BRAN IMPROVED.**

The greatest advantage of All-Bran is that it corrects the cause of irregularity due to insufficient bulk. Chemical or drug-type laxatives, on the other hand, are intended only for overnight relief of a temporary stoppage.

When people use these products habitually—in a way that laxative makers never intended—they put their digestive system in a way that nature never intended. Instead of correcting the cause, they often actually make their condition worse.

If you think you must take a laxative preparation occasionally, do so. But do it wisely. Read the instructions completely. AVOID EXCESSIVE USAGE. But there is a way to avoid taking drug-type laxatives and to place your dependence on nature if lack of bulk in the diet is your trouble. Just eat daily a one-ounce serving of All-Bran for breakfast and drink plenty of water.

This All-Bran plan has helped millions to re-establish and to maintain healthy regularity. Why not you?

## Two Of CPR's New Stainless Steel Cars Displayed Here

The Canadian Pacific Railway's new all-stainless steel, self-propelled rail diesel cars, built by the Budd Company of Philadelphia, are providing new experiences in comfortable, smooth and speedy travel for Canadians.

Two of the new R.D.C.-1 type, known as "Dayliners," on display here on Thursday, seat 89 passengers and are capable of speeds up to 85 miles an hour. Speed and smooth riding qualities of these cars, combined with rapid acceleration and deceleration, have made them highly popular with passengers.

Like others already in service, the cars are air-conditioned, and equipped with wide "picture windows" and bright interiors.

Each car is powered by two 275 horsepower General Motors diesel engines, located beneath the floor, and motor power is delivered by torque converters. The cars are capable of attaining a speed of 44 miles per hour within one minute from a standing start.

This new equipment is equipped with Budd disc brakes, the only real advance in railway braking since the invention of the air brake. Rather than two shoes which clasp each wheel, the disc brake operates through two shoes which clasp a perforated cast iron disc bolted to the inner side of the wheel.

These brakes provide the smoothest possible stop in a short distance, — a factor which has enabled the railway to slice many minutes from former schedules.

Streamlined and constructed of stainless steel, the new cars combine ruggedness with safety. Their high-strength to low weight ratio is an important feature in the success of their operation.

Interiors of the rail diesel cars are attractive and practical. Bright colorings have been selected to make travel more pleasant and comfortable. Foam rubber seats are reversible. Floors are of rubber tile and duplicate washroom and toilet facilities are provided in each car.

The rail diesel car (RDC) was introduced to the railway industry in 1949, and since that time, has proved a tremendous success in many operations throughout the industry in many parts of the world.

The self-propelled car concept is far from new, but modern engineering, combined with a never-ending search for the betterment of railway travel facilities, has resulted in today's ultra-modern rail diesel car.

It is an air-conditioned, smooth riding rail vehicle that is attractive not only to passengers, but also to railway men because of its efficiency, economy of operation, and flexibility.

The cars can be operated as single units, or coupled with other similar cars, and with simple controls, located in vestibules front and rear, the cars are directional from a standing start.

The Budd Company's rail diesel car made its first journey over Canadian rails in February, 1953, when the Canadian Pacific took over a demonstration model for tests on its route from Montreal to Mount Laurier, through the Laurentian Mountains. The trial was so successful that the Company immediately ordered four units of the equipment for use in Eastern Canada.

Use of the new equipment has contributed to the slashing of former running schedules. The CPR's route from Toronto to Peterborough, a distance of 77 miles, and formerly covered on a three-and-a-half-hour schedule, has been cut to 91 minutes by the operating rail diesel unit.

The two units now on exhibition throughout British Columbia will go into regular service between Calgary and Edmonton commencing August 30, and it is expected that at least three-quarters of an hour will be lopped off the current running time between the two cities.

These two cars arrived here from the east on Monday morn-

## Health Unit Meeting Held

SUMMERLAND — The problem of schools for the mentally handicapped or retarded children was discussed at the third quarterly meeting of the South Okanagan Health Unit held at West Summerland on Wednesday.

Chairman, Alderman A. Jackson, of Kelowna, commenting on correspondence received from the Hon. Ray Williston, minister of education, which asked for suggestions regarding such schools, said that the matter was being given serious consideration and was now in an exploratory stage.

Mr. Jackson had consulted the management of the Sunnyside school at Kelowna for their opinions regarding help to the school, and the suggestion was given that the government might provide a pupil per diem rate, to be paid quarterly, and that the need for suitable quarters for these schools be considered.

Frank Venables, chairman of School District 14, Oliver-Osoyoos, thought that the subject should be discussed at the school trustees' convention, to be held at Penticton next month, although the general feeling of the meeting was that it would be advisable to be kept outside the regular school system.

A letter containing the above recommendations is to be forwarded to the minister of education from the health board.

Attending at the third quarterly meeting of the unit were Dr. D. A. Clarke, medical director, A. Jackson, chairman, Mrs. M. McEtridg, Ernie Winter, Mrs. M. Link, Kelowna; Mrs. L. Bella, Dr. H. G. Garrioch, Dr. W. G. Hall, dental director, T. S. Dalby, Penticton; N. E. Suddaby, Glenmore; Ivor Jackson, Trepanier; Mrs. Smith, representing G. J. Norman, E. E. Burr, Prince-ton; R. Fenwick-Wilson, Osoyoos; Don Pringle, representing Granby Mines, Copper Mountain; Frank Venables, Oliver; Reeve F. E. Atkinson, H. R. J. Richards, Mrs. A. W. Vanderburgh, Summerland.

ing and, after being on display at the lakeshore throughout the day, they continued on to the coast in the evening.

Proof against  
RAIN and REVELLERS

ANYONE who ever visited London knows Piccadilly Circus, and the famous statue of Eros, God of Love, poised above its central fountain. This statue has taken a lot of punishment during the past sixty years, from both practical jokers and London smog. But because the sculptor cast it in aluminum — it was the first large statue to be cast in the "new metal" — it has come safely through the years. When it was cleaned up for the Coronation, it gleamed as freshly as ever. The enduring beauty of aluminum has meanwhile made it a favorite of modern architects, furniture designers, decorators too. Aluminum Company of Canada, Ltd. (Alcan).

## Tearing Up Gardens "Not Reasonable" Says City Council

Penticton City Council has agreed that it "wouldn't be reasonable" to expect residents to tear up gardens for installing sewer connections at this time of year, and that sufficient progress in getting homes hooked up is indicated. Superintendent of works, E. R. Gayfer, will be asked to prepare a revised list of those still lacking the linkage.

Alderman J. G. Harris said that the superintendent should also study some locations where a hook-up will be fraught with considerable difficulty. This suggestion met approval.

## NAVY RECRUITING DAYS

Until Further Notice the First Tuesday in each month at the Canadian Legion Hall in Penticton, B.C., from 10 a.m. until 6 p.m.

Young men 17 to 25 years (29 if tradesman) with Grade 8 Education or better, who are medically fit and desirous of a Naval Career, it is to your advantage to enquire today about the many opportunities awaiting you.

## Home Workshop Investment Saves Considerable Expense

A bright, clean, efficiently planned home workshop is one of the best investments a family can make.

Considerable expense can be avoided by having a place to make repairs, and great satisfaction results from turning out successful carpentry, cabinet jobs or similar hand-work.

This calls for good tools and pleasant working conditions. An 8'x10' corner of the basement, or 3'x6' space in the garage will serve. Only enough space is required in the garage for the workbench. The car can be run outside when a project is under way.

The bench should be strongly built. Three 12" planks, 2" thick and 6' long, will make the top. Edges of the boards should fit tightly together. For especially smooth surface, a sheet of plywood can be screwed to the top of the boards.

If wooden legs are used, they should be 4"x4" material, strongly braced and held together at the top by 2x4s to which the top of the bench is bolted. The bench top should be 36" to 40" above the floor for working comfort.

Tools and material should be in easy reach. To save space, tools may be hung on the wall, with a definite place for each tool. Paint a dark panel on the wall above the bench, and draw an outline of each tool to insure tools being put back where they belong.

Spring clips of varied sizes from any hardware store will hold the tools.

If the workshop occupies a corner, a shallow cupboard on the wall over one end of the bench will provide storage space for containers of nails, screws and other small hardware in different sizes, and small quantities of paint.

Two or more drawers should be provided under the workbench to store materials and seldom-used tools.

Two or more drawers should be provided under the workbench to store materials and seldom-used tools.

## Building Queries

Question: Some months ago I was given some lacquer and lacquer sealer by a man who had closed down his woodworking shop. He said the materials were of a high quality and had been used in finishing expensive furniture. I recently bought some unpainted furniture and put on a coat of the lacquer sealer followed by two coats of the lacquer. I now find that the wood has a mottled effect, although it appeared to be all right immediately after I had finished the job. Can you tell me what caused this?

Answer: You do not say whether you sprayed on the sealer and lacquer or whether you brushed it on. The lacquer used by commercial establishments is for spraying — and if you put it on with a brush it is quite possible that you might get the type of result you described. However, we are more inclined to believe that the mottling was caused by sealing material that had outlived its usefulness. While most lacquers will keep indefinitely, sealers will not. The chances are that the sealer you were given had been standing in the wood-working shop for a couple of years or more. In that case, it should have been thrown away. Buy some lacquer thinner and remove the finish you put on. Then apply some newly-purchased sealer to an inconspicuous part of the piece of furniture followed by a coat of the lacquer you have on hand. Wait a week or so. If the mottled effect reappears, you will then have to get some fresh lacquer. If the mottling does not reappear, then you know the old sealer was at fault and you can go ahead with the entire job. Incidentally, all reliable hardware and paint stores take pains to see that they carry only fresh sealers in stock, knowing that it deteriorates with age. And many manufacturers are co-operating by stamping the sealer, containers with the date when the product was made.

Question: We recently had a washing machine installed. It is working all right but a neighbor tells me it does not have a ground wire attached to the way his does. Is there any danger in operating the machine without a ground?

Answer: All washing machines should be grounded to prevent an accident to the user if there is a short circuit. However, we doubt that the installer would have neglected to provide a ground. We have an idea that your machine is of the type which is automatically grounded by the connection to the cold water tap. If you will read through the literature which was given to you when the machine was bought, you will find information about the grounding. If you do not still have the material, or if you want to ease your mind, get in touch with the company which sold the machine. We believe you will find from which you purchased the machine that your machine is grounded.

Don't throw away old drawers, pulls. Turn them upside down and attach them to the inside of bureau drawers, kitchen cupboards or workshop cabinets. Attached that way, they make excellent places to keep rubber bands, clips, nails, small screws and odds and ends.

A valance box for any window can be easily and cheaply made from cardboard. The board can be painted, or enameled without primer; even pastel shades can be applied without "show through".

If you're ever caught without a regular cold flux when you have some soldering to do, try raiding the kitchen. Lemon juice makes a fairly good substitute when it's squeezed directly on the area to be soldered.

**THIS IS A LARGE FAMILY PLAN HOME** featuring SIX ROOMS AND TWO BATHS — designed on an "L" plan, this smart looking home includes living room, dining room, kitchen, three bedrooms of which two are of the twin bed size and two baths. Note how the baths are conveniently located in the plan. Where lot width permits, the garage can be widened to house two cars. For blueprints, write to Harry Loder, Edmonton, Alberta.

## Inexpensive To Use

## Utilizing Bamboo Blinds

One of the virtues of bamboo blinds is that they are inexpensive. Because of that, a lot of persons are discovering uses for them other than as blinds. A friend of ours recently invited us to look at a basement room which he had finished. One of the things that caught our attention was the effective use he had made of bamboo blinds to cover a low-hanging pipe that otherwise would have been an eyesore.

The pipe, a hot water pipe about 18 feet long, stretched horizontally across the centre of the room about six and one-half feet from the floor. Since it was covered with asbestos, it could have been painted. But our friend

## Soundproofing That Ceiling

Any ceiling can be soundproofed to a certain degree by the installation of ordinary ceiling tile. This tile is made of a pulpy material that absorbs a considerable percentage of the sound energy that reaches it. But it is necessary to put on a ceiling so that most of the sound is absorbed.

Most acoustical tile has small perforations in it... the kind you see in some offices and public places where it is desired to keep sound waves from bouncing around too much. New types of acoustical tile on the market are made from materials which absorb sound so readily that the perforations are not needed. Generally, they are a bit more expensive than the perforated kind.

In purchasing acoustical tile, you should find out whether the kind you contemplate getting may be used in all locations, regardless of humidity conditions... whether it is fire resistant... whether it can be painted at a later date without destroying its sound-absorbing qualities... and whether it can be cleaned easily. Of course, these are factors to take into consideration only if they are related to your particular problem.

Remember that soundproofing a ceiling does not in itself soundproof a room. Sound escapes from the room through any opening and especially along pipes that run from one floor to another. All such openings must be blocked and all such pipes covered with insulating blankets or similar sound-absorbing material. A lot can be done by the simple method of eliminating the sound at its source. It's surprising, for example, how much noise can be cut out merely by putting rubber cushions on all workshop machines. If the machine stands are never moved, the cushions should be applied between the stands and the floor. If they must be moved fairly often, the cushions can be placed between the machines and stands.

## Shingles you never even thought of

Standing directly between you and the weather, the roof is the most important element in your home.

Therefore you need a roof you can trust, made from shingles you can count on. Shingles that are right for your roofs — shingles that fit — in style, colour and performance.

Barrett makes a shingle style for every type of roof imaginable... and some you never even thought of. Giant, three tab strips a yard across... shingles with built-in shadows, shingles that lock together, shingles that are light and shingles that are heavy. Shingles specially made for re-roofing.

And these shingles have colour.

## Colour you wish you'd seen before

Soft, pleasant pastels with frost-white overtones. They're known as Frostone\* colours. In gray, green, red or blue, they're perfect for ranch-style homes.

Deep, full colours, blended with shades of the same colour. They're known as Full-tone\* colours. In black, green, red or blue, they're right for larger homes.

If you're planning a new roof, it might be worth your comfort to see your Barrett dealer.

Barrett has offices in Halifax, Montreal, Toronto, Winnipeg and Vancouver.

## FOURTH ANNUAL FLOWER SHOW HELD AT UNITED CHURCH HALL

The fourth Annual Flower Show of the Okanagan Valley Horticultural Society was held in Penticton United Church last Saturday.

The Sunday School auditorium of the United Church provided every facility required for the arranging and displaying of the many exhibits brought to the show from points as far as Kamloops and Osoyoos. As a background for the competing exhibits, there were two handsome displays from professional horticulturists — Johnson Dahlia Growers of Kelowna and Monty, Your Florist of Penticton.

### OFFICIAL OPENING

The show was officially opened by F. Morton, the president of the Okanagan Valley Horticultural Association and V. Beaverstock who spoke briefly on judging and the qualities that gained points in the various classes competing in the exhibition.

All afternoon and evening visitors viewed and admired the perfection of the blooms and stopped for tea and delicious servings of peaches, ice cream and cake served by Mrs. J. Brodie and her committee.

In the evening the event was brought to a close by the Reverend Ernest Rands who congratulated the Horticultural Society on their splendid show and awarded the cups, trophies and prizes to the successful competitors.

### PRIZE LIST

Cups and trophies were awarded:

Federal Department of Agriculture, Summerland, Cup to K. McKay.

Occidental Fruit Co. Ltd., Cup to K. McKay.

Kelowna Horticultural Society, Cup to E. Sammett.

Summerland Horticultural Society, Cup to W. G. Snow.

Vernon Horticultural Society Trophy to W. M. McLaughlin.

Monty, Your Florist, Cup to K. McKay.

Morris Middleton Memorial Cup to K. McKay.

Okanagan Valley Horticultural Association Trophy to K. McKay.

Penticton Horticultural Society Cup to E. Sammett.

Prizes in the various classes from one to sixty-five were won by the following:

1. K. McKay, 2. W. G. Snow, 3. E. Sammett; 1. K. McKay, 2. J. A. Kennedy, 3. Mrs. D. L. Robison; 1. H. W. Brown, 2. R. C. Hansen,

3. J. A. Kennedy; 1. K. McKay, 2. J. A. Kennedy, 3. H. W. King; 1. D. L. Robison, 2. K. McKay, 3. J. A. Kennedy; 1. H. W. Brown, 2. E. H. Bennett, 3. W. G. Snow; 1. A. C. Carter, Jr., 2. Mrs. W. Packard, 3. H. W. King; 1. Mrs. W. Packard, 2. H. W. King, 3. J. A. Kennedy; 1. E. Sammett, 2. K. McKay, 3. A. C. Carter, Sr.; 1. J. N. Kennedy, 2. K. McKay, 3. E. Sammett; 1. K. McKay, 2. Mrs. E. W. Basham, 3. John Rye; 1. A. J. Fuller, 2. W. G. Snow, 3. E. H. Bennett; 1. E. Sammett, 2. K. McKay, 3. R. M. White; 1. R. M. White, 2. Mrs. J. A. Duncan, 3. E. H. Bennett; 1. E. H. Bennett, 2. E. Snow, 3. Mrs. J. A. Duncan; 1. Mrs. J. C. Cooper, 2. E. C. Munro, 3. E. Sammett; 1. Mrs. D. L. Robison, 2. E. H. Bennett, 3. Mrs. J. Brodie; 1. E. Sammett, 2. J. Rye, 3. W. G. Snow; 1. K. McKay, 2. R. M. White, 3. Mrs. J. A. Duncan; 1. W. G. Snow, 2. Jack Venables; 1. Jack Venables, 2. W. G. Snow, 3. Mrs. F. J. Mathews; 1. Mrs. B. Venables, 2. Jack Venables, 3. Mrs. W. Packard; 1. ## Robin Hood Bike Contest Winner!

Miss Margaret Cochet, of Oliver, B.C., is shown here with the Armstrong, England's leading 3 speed bicycle she won on the Robin Hood Bike Contest Show, Saturday, August 7th.

Miss Cochet answered the question asked on the show correctly, and included a box top from Robin Hood Oats.

The Robin Hood Contest is easy to enter, and every boy and girl has a chance to win. Every week, a simple question is asked on the Robin Hood Show. The question for this Saturday is "What river is named after John Simon Fraser?" Contestants are asked to send in their answer, with their name and address, along with a guarantee certificate or box-top from any Robin Hood product. Send entries to: The Robin Hood Bicycle Contest, care of CKOK, Penticton. Every week, a shiny new English bicycle will be given away to a lucky boy or girl with the correct answer.

You'll have no trouble getting guarantee certificates and box-tops to enter as often as you wish. That's because these quality products, Robin Hood Flour and Robin Hood Cake Mixes are Canada's biggest sellers by far.

The Robin Hood Show is heard weekly on Saturday morning at 9:30 a.m., CKOK.

"LOOK AT THE FUNNY DUCKS, DAD," says Bobby Atkins, son of Mr. and Mrs. E. G. Atkins, Penticton, as he tours the exhibits of fowl and animals in the Industrial Exhibition, Saturday evening. Classes were extended this year to include a greater variety of livestock, birds and pets and the endless throngs who viewed the entries gave tacit approval to the greater scope of the exhibition.

## Future Farmers Of Canada Active At Penticton Peach Festival Show

Once again the Penticton Chapter of the Future Farmers of Canada played an important part in the success of the 1954 Peach Festival. The FFC Peach Festival Committee under the able chairmanship of Lloyd Hansen organized a very interesting and attractive agriculture show. As an added inducement to members and others to enter the competition prizes, mainly in the form of merchandise from local merchants and others, were given.

An added feature this year was a tractor rodeo, the first ever staged in Penticton. The boys operated John Deere, International Harvester and Ferguson tractors like veterans.

Added features at this year's FFC show included a power hack saw in operation. This saw was built by the agriculture students in the farm mechanic shop at the Penticton High School. A white Flemish doe rabbit with young and a Bantam hen with newly-hatched chicks, added considerable to the interest in the show. A non-competitive display of vegetables by the Keremeos FFC chapter was a welcome innovation of the show. Five purchased Jerseys from the Summerland Experimental Station completed a very fine agriculture display.

This year, the Future Farmers made certain that all who entered the arena saw their show. They achieved this in two ways: First by well-placed direction signs and secondly by operating a well-located public address system under the capable management of Ron Darcus and Don Beard.

The register of out-of-town visitors kept each year by the FFC included names from such widely separated places as Hollywood, Boulder, Colorado; Champlain, Alberta; and Prince George.

## RESIGNATION ACCEPTED

Resignation of C. J. Ware from the city's engineering department to take effect at the end of August was received and accepted by City Council on Monday.

During 1952 a Douglas fir fell on Vancouver Island was found to be 1,092 years old.

## Peach Queen's Crowning Speech

Highlight of last Thursday's crowning ceremony for Queen Val-Vedette VII, Miss Ardell Getz, came at the moment when she delivered her speech to an estimated crowd of 3,500 persons.

Flanked by her two princesses, Miss Arlene Gartrell and Miss Pat Hutton, the Peach Festival's 1954 Queen was a charming and gracious lady as she addressed the gathering.

The speech, written by Miss Getz, is printed below:

Once upon a time, a few years ago, when I was but a little girl, I would look forward to the evenings when my mother would open the book of fairy tales and read stories of the Fairy God-mother who with one wave of her wand changed ordinary little girls into princesses and queens to reign over beautiful countries and live happily ever after. And long after the big book was closed and I was tucked up for the night, I would dream of all those wonderful things, and wish, and wish, that it could happen to me.

Now once again the fairy tale book is open and here I stand looking into a sea of faces all of whom are indeed my Fairy God-mothers for you have chosen me as Queen Val-Vedette VII to reign over the Penticton and District Peach Festival.

My kingdom is the sunny Okanagan sky smiling down on a beautiful valley surrounded by a wall of mountains as if to keep its beauty hidden.

My garden are miles and miles of rolling benches of fruit orchards in which nestle lovely homes with their green lawns and fragrant flowers.

And right in the centre of this beautiful valley is a bustling growing little city, with beautiful beaches and a shimmering lake at either end. This is my court and my castle, Penticton. Yes, it is in truth a fairy land.

I feel thrilled and happy and yet humble too, to have been chosen as Queen Val-Vedette VII to represent Penticton and I shall endeavor to keep up the high standard set by preceding queens.

I would like to thank my princesses Arlene and Pat who were such a great help in making my task so much lighter. I would also like to thank our wonderful champion Mrs. Kincaid and everyone else who made this possible.

Wherever I go and whatever I do I shall always be proud to tell everyone of this beautiful city and of you wonderful people.

Thank you.

## Okanagan-Cariboo Trail Association Meeting In Oregon

"One of the highlights on the program for the Okanagan-Cariboo Trail Association convention in Bend, Oregon, on September 10-12, will be a panel of three executives of the Oregon, Washington and British Columbia Travel Departments," says Don Miller, president of the association, Wenatchee, Washington. Appearing on the program will be Ernest Evans, Commissioner, British Columbia Government Travel Bureau; C. E. Johns, Executive Secretary, Washington State Advertising Commission; Carl W. Jordan, Director, Travel Information Division, Oregon State Highway Department; who will present the promotion program and the "Value of the Tourist Industry to the Pacific Northwest."

This is the first time the Okanagan-Cariboo Trail convention has been held in the State of Oregon. Registration will be at 4 p.m. on September 10. Headquarters will be at the Pilot Butte Inn. General sessions will be held September 11. Arrangements are being made by the Bend Chamber of Commerce for a tour to Crater Lake on Sunday, September 12, Miller concluded.

"Free exercise of religion" was promised Canadians in the treaty which in 1763 ended the wars here between the British and the French.
